"Meals-on-Wheels" Service to Cheer Lives of Princeton's Elderly

A hot meal instead of a few potato-chips, something that tastes good to prod a weary appetite, a friendly smile to brighten a long day.

These are the ingredients in the new Meals-on-Wheels program for Princeton's elderly residents. It's due to start March 1 and it will wheel along for six months as a pilot program under the guidance of the Council of Community Services' Committee on Aging.

Just how many older people will sign up for the program the Council doesn't yet know. Anyone who is interested is invited to call the Council at 924-5865.

Here's the way it will work. For \$2.50 a day, you will receive a hot mid-day meal brought to your home or apartment by a volunteer from the Council.

At the same time, the volunteer will bring along a cold supper for that evening, so you get two meals a day for your \$2.50. The service will be offered Mondays through Fridays (not on Saturdays or Sundays) at a total weekly cost of \$12.50 for 10 meals per person.

Meals will be cooked in the kitchens of Princeton House, the adjunct to Princeton Hospital. Volunteers from the Council will pack the meals in disposable containers

and into insulated trays. The food will keep hot for at least an hour. The next day, you return your tray and get a new one, piping hot.

Meat, vegetable, bread and butter, potato or rice, a salad and a dessert will be served for the mid-day meal. Supper will probably be a sandwich, a different salad from the noon one, dessert and milk.

Because the meals come from Princeton Hospital, they will be prepared and cooked with professional attention to nutrition and to making the meal attractive to people who may not really think they're hungry.

Meals-on-Wheels is designed for older people who can't get out to market, who don't feel quite up to preparing a really good meal even once a day, or for single elderly men who may never have learned much about cooking a meal.

"We're not looking for the bed-ridden or the shut-in," explains

Mrs. Nancy Gryzbek, of the Community Services' organization. "We hope this program will help older people maintain independence, and perhaps make the difference between allowing them to go on living at home, or having to enter a nursing home."

She points out that many elderly people eat poorly, and may actually bring on the illnesses they dread by their lack of interest in food and lack of attention to nutrition.

"Older people often feel great fatigue and a sense of defeatism," adds Seymour Plawsky of the Family Service Agency. "If they ate balanced meals, day after day, they'd feel better physically and have a much happier outlook on life."

Although the Council hasn't planned "Meals" for the bed-ridden, it does realize that many elderly people take a long time to

Township May Get 100 Units of Public Housing

A site for 100 units of public housing somewhere in Princeton Township may be chosen by June of this year.

The units would be in addition to a suggested 40 units proposed for incorporation into Princeton Community Housing's 240-unit middle income project off Terhune Road, and the site will be a different one from PCH's, according to Karen Slaby, executive director of the Princeton Housing Authority.

The Federal department of Housing and Urban Development (HUD) told Mrs. Slaby this week that Princeton's Housing Authority will receive \$10,000 from HUD to cover preliminary expenses.

Under the HUD plan, 50 of the 100 units will be for the elderly and 50 will be for families. They will be built under

the turnkey system; that is, a developer or a builder submits a proposal for the housing and suggests a site to build it on. If the Housing Authority and HUD approve the proposal, the Authority agrees to buy the completed development back from the builder, backed up financially by the Federal government.

Bids to Be Sought. Mrs. Slaby said that the Housing Authority hopes to advertise for proposals within the next two weeks, in order to fulfill HUD's usual requirement for site selection within 100 days. She said that several developers have already indicated an interest.

Since there is no multiple-housing zone in the Township, either the developer or the Housing Authority would have to appear before the Township

Board for variances. Site-plan approval by the Princeton Regional Board would also be required.

Township Committee, in unanimous action taken almost two years ago — in April, 1970 — authorized the Authority to apply for the Federal funds. The Housing Authority operates in the Borough, but it entered into a "cooperation agreement" to act as the Township's housing agent.

Mrs. Slaby explained that, in regard to public housing units within the Princeton Community Housing complex, either PCH or the Authority might go to the Federal government and ask for direct rent subsidies, or perhaps for permission allowing the Authority to lease a certain percentage of the apartment units.

SEWER MEETING HELD

With State, Conservationists, members of the Stony Brook Regional Sewerage Authority, mayors of the six Authority towns and officials from the state's department of environmental protection met Tuesday in Princeton's Borough Hall to try and solve differences of opinion about the proposed new regional sewer.

The meeting was requested by the Authority, particularly by the Princeton Township representative, Dean Chace.

Mr. Chace and others on the Authority were concerned about environmental impact of the new sewer system and would like additional studies. The Township has not made a formal commitment of the \$25,000 asked of each Authority community, pending outcome of discussions with the state.

The Borough hasn't made its \$25,000 commitment, either. Mayor Robert W. Cawley explained this week that the Borough wants to see a decision made on the question of one-sewer-plant-versus-three, and the matter of tunnels or open-cut sewer lines.

"We're not telling the Authority what to decide," he emphasized. "but these questions have arisen and the Au-

thority attaches great importance to them. We just want a decision before we give them money — we're not taking a position on either issue."

PHS IS EMPTIED

By Small Fire. A small fire behind a radiator in the Princeton High School auditorium triggered the school's fire alarm system Monday morning and caused students to exit for a brief time.

Papers and milk cartons set afire sounded the heat-sensing alarm system at 11:38. The small blaze was quickly extinguished by school officials and no fire equipment was needed.

What is it about this West Windsor Colonial that would attract young people to the edge of Assunpink Park? Could it be the expansive room, the conveniently situated family room, and the extra large eat-in kitchen? Or is it the upstairs room arrangement including master with endless walk-in closet and three other big bedrooms. Could it be the fine construction throughout, such as brick moulded poured concrete basement walls (the best you can get). Maybe, it's all these things including the price. **\$46,900**

TO KEEP THE WHEELS ROLLING: "Meals on Wheels," for people who can't wheel around much themselves, will be financed, in the beginning by various civic and service organizations. Here, Mrs. Alexander Morton of the Soroptomist Club (right) presents a check for \$250 to Mrs. David O. Johnson of the Committee on Aging of the Council of Community Services.

Meals-on-Wheels (Continued from Cover)

convalesce from illness or operations.

Karen Slaby, who directs the Borough's Lloyd Terrace housing for the elderly, has observed that illness or an operation can make it difficult, physically, for an older man or woman to move around much. And getting to the market may be an overwhelming journey. These people try to rely on friends to help, or they simply "make do."

Charges Are about Average. Mrs. Slaby says, too, that a lot of Princeton's older residents live in only one room and do their cooking, such as it is, on a hot plate. This is, of course, against the town's zoning laws and besides that, doesn't produce a very good meal.

The \$2.50-a-day charge is about average for similar programs elsewhere in New Jersey, the Council found through extensive surveys undertaken before the pilot program was finally announced.

People who can't afford the \$12.50 a week may be eligible for financial help, Mrs. Gryzbek emphasizes.

A single elderly man or woman may be getting along by

depending less than \$2.50 a day for food. Mr. Plawsky comments, but may be eating a badly-balanced diet.

Princeton Hospital is charging the Council \$2 for the two meals. Various civic and service groups are being asked to contribute towards a \$1,000 budget which will be used for insurance, buying the special trays and providing cash for the trial period.

Help Needed. Volunteers for packing the meals have already been assigned, but the Council could use more for delivery.

There will be two people in each delivery automobile — a chauffeur and a footman. The chauffeur will drive, and the footman will carry the meals in to the subscriber, and stay for five or ten minutes to chat.

"Each volunteer will have only a few delivery assignments, to allow time for that brief visit," Mrs. Gryzbek says. "The time spent in talking with somebody could be just as important as the hot meal itself. And the volunteer can be alerted to other needs the older person may have."

If the six-months trial period shows a real need, "Meals" may be turned over to some other agency, because the Council doesn't administer services itself.

Mrs. Richard Pearson is chairman of the Council's Committee on Aging. Working with her are Mrs. David O. Johnson, fund-raising; Mrs. George Stevens, "Meals-on-Wheels" chairman and Mrs. Charles D. Allen and Mrs. R. M. Darrow, volunteers.

THE CAUSE STILL NOT KNOWN: What caused the woman driver of this demolished 1962 sedan to collide with a parked garbage disposal truck is still not known by Township police. The driver, Virginia F. Slovinsky, remains in critical condition in Princeton Hospital. Story this page.

TOPICS Of The Town

WOMAN SEVERELY HURT

After Striking Parked Truck.

A 28-year-old Skillman woman remains in critical condition in Princeton Hospital's intensive care unit Tuesday, four days after her car rammed a parked garbage disposal truck on Witherspoon Street.

Township police identified the driver as Virginia F. Slovinsky of Hollow Road. She was alone in the car, which was totally destroyed, and police have not been able as yet to talk with her to determine the cause of the mishap.

According to police, the crash took place about 7:50 p.m. Friday on Witherspoon Street near the hospital's Medical Arts Building, Sgt. Anthony Nini, Township Traffic Officer who is assisting P.I. Robert Nielsen in the investigation, reported that the truck was legally parked and had its parking lights on. He said that a patrol car had passed by the truck just prior to the accident and observed that the lights were on.

He estimated the truck weighed 15 tons. A witness told police that she saw the car bounce off the truck and then come to rest across the street.

Bridge Collision. Two cars collided head-on on the Mercer Road Bridge shortly before noon Friday.

One of the drivers, James T. Barrese, 21, of Bergen was treated at Princeton Hospital for a contusion of the head and abrasions. He was ticketed for failing to keep right by P.I. David Wilbur after his car skidded across the center line of the bridge and collided with a station wagon operated by Harriet Hitch, 31, of Trenton.

Mrs. Hitch's daughter, Ann, 9, received a contusion of the mouth. Three other children in the station wagon, ages 5, 4 and 4, escaped injury. Mrs. Hitch told police there was

nothing she could do to avoid the accident because the bridge (the scene of many previous accidents) was so narrow.

ADJUSTMENT NEEDED

For Princeton House Permit. When Princeton House was built — on the corner of Mt. Lucas and Herrontown Roads in the Township's service zone — it had a Special Permit, allowing it to operate as a nursing home for the sick or elderly.

Since its purchase by Princeton Hospital, it has become a different kind of institution, with out-patients who go there for regular treatment, rather than a total population of resident patients.

This means that Princeton Hospital must obtain a modification of the Special Permit, and the hospital's request will be before the Township Zoning Board this Thursday, at 8 p.m. in Township Hall.

In addition, Princeton House has a problem with screening. The original builder was told he had to plant evergreens to screen parking lots and the House's square footage of low, flat roofs from the neighbors across the street.

Instead of evergreens, however, he planted spirea and apparently they don't do the job, especially in winter when the leaves are off. This particular problem in horticulture and neighborhood relations will be up before the zoners, too.

The board will also take up a technical problem involved in Princeton University's construction of Spelman Hall. The apartment-dormitories are in the Borough, but the parking area lies in the Township. Technical adjustment of lot lines is necessary.

TAXI DRIVER MUGGED

In New Brunswick. A Princeton taxi driver was mugged and robbed in New Brunswick early Saturday morning by two men he had driven there.

Kenneth Wible, 6 Humbert Street, a driver for Blackie's

Taxi, told police that he had picked up two men at the taxi stand on Nassau Street. When he got to New Brunswick, he continued, one of the men grabbed him and the other struck him on the head with the butt of a gun. They took between \$40 and \$50 cash from him.

Mr. Wible drove back to Princeton and was treated at Princeton Hospital where six sutures were needed to close a laceration of his head. He described his attackers as black, in their 20s with Afro-style hair.

Assaulted on Campus. A 16-year-old Cranbury girl was assaulted Thursday afternoon in Murray Dodge Hall on the university campus.

The victim, Ellen M. Kennedy, signed a complaint summons, charging Joseph J. Richardson, 26, of 42 Gordon Avenue, Lawrenceville, with assault. Police said that Richardson struck the girl on the shoulder and neck with his fist.

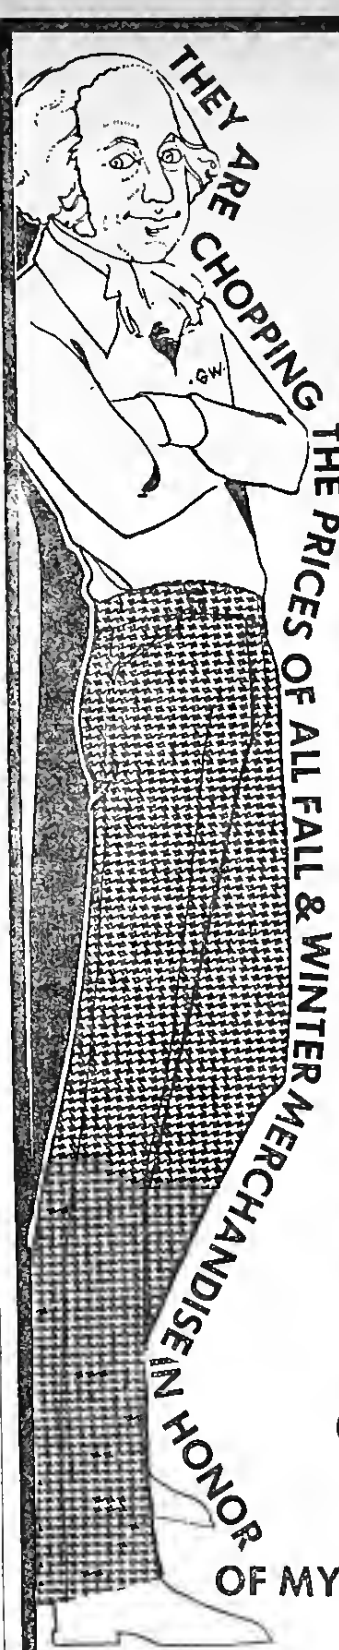

Miss Kennedy, who was visiting the campus, came to police headquarters with her mother to report the incident. Richardson faces a hearing in Borough court.

REAR WHEELS STOLEN

From Student's Car. Two rear wheels and tires valued at \$204 were reported stolen last week by the owner, Calvin B. Brown of 1941 Hall, Princeton University.

Mr. Brown told police that someone had jacked up his 1972 sports car, parked in a

university lot, removed the wheels and then let the car down on the brake drums. He discovered the theft Thursday.

Robert J. Shurlock, 226 King Street, reported the theft of a tire and wire rim from his sports car parked in front of his home.

Also taken from his unlocked car were two shift knobs and some tools. He valued everything at \$102.

Two 5-lb. dry chemical fire extinguishers, valued at \$20 each, were stolen last week from two Princeton Regional school buses parked in the rear of Valley Road School.

Police believe the thieves climbed a cyclone fence, after Ray Hinkson, who reported the theft, told them that both gates leading to the rear of the school had been locked.

In the Borough, Max Gomez, a university student, told police last week that all four tires and wheels had been stolen from his sports car parked behind Quadrangle Club.

He valued each at about \$90, police said.

PAYS RECORD \$645 FINE

In Traffic Court. It was an expensive evening Monday in Borough traffic court for 44-year-old John T. Reese of 199A Ewing Street.

Mr. Reese pleaded guilty to three separate charges of driving while on a revoked list. Judge Theodore T. Tams Jr. levied the mandatory \$200 fine plus \$10 court costs on each charge. Mr. Reese also paid an additional \$15 after pleading guilty to a fourth charge of driving an unregistered vehicle. Grand total: \$645.

John C. Walker, 20, a student at Westminster Choir College paid two fines: \$35 for speeding and \$10 for failing to keep right at an intersection.

Paying fines of \$15 each were Jacques B. Tate, 17, 73 Stockton Street, careless driving; and Friederik Coor, 35, 60 Pheasant Hill Road, speeding.

GENERAL ALARM GIVEN

For Den Room Fire. A general alarm was sounded at 9:28 Tuesday evening for a fire at the home of Frank B. Germon Jr., 16 Bertrand Drive.

The fire started in a basement den and firemen were able to confine the blaze to that room. No one was injured. The cause of the fire has not been reported.

March winds and weather have taken over in February, but except from the winter sports enthusiasts, there are no complaints. Tuesday's thermometer got a close-up look at the 60-degree mark.

That won't happen again right away, the Man says, but no real cold wave (or snow) are in sight, either. The weekend may bring more precipitation — February's total is already above normal — but the temperature should continue to average above the usual readings for this time of year.

of the Westminster Choir College last week and escaped with about \$100. Also taken, police said, was a \$125 radio atop the safe.

The office door was kicked in to get at the safe, police said. The thieves entered the college by way of a dining room door. Ptl. Arthur Jackson and Ptl. James Agins investigated.

DUNCAN IS PRESIDENT

Of School Board. Robert C. Duncan Jr. has been re-elected president of the West Windsor-Plainsboro Regional school board. It is Mr. Duncan's fourth term as president. He was re-elected to the school board itself at the elections on February 1. A resident of West Windsor, he is a member of the technical staff at RCA.

John Versnal, Plainsboro resident who is a senior research chemist at Columbia Carbon, was re-elected vice-president. It will be his third term in that office. He is beginning the third year of his present three-year term as a member of the board.

SERVICES EXPANDED

By W. Windsor Department. West Windsor has expanded the services of its building department, now employing a full-time building inspector and zoning officer, Stanley Fielder, who had been retained two days a week. This action was taken in response to the accelerated growth in the community and the concurrently increasing needs of the residents according to Stefan Guzy, Township committee-

man. Mr. Fielder will be available now for consultation at the Township Hall in Dutch Neck on Monday through Friday from 9 to 10 a.m. and on Tuesday evenings from 7 to 9. The bulk of his time will be

A plan to offset the increased cost of a full-time building inspector by increasing the charges on building permits is under consideration by the Township Committee.

LOCAL TAX TO RISE 9c
In West Windsor. A tentative increase of \$207,773 in the West Windsor municipal tax will push the township's local purpose tax from four to 13 cents per \$100 of assessed value on a 100 percent assessment.

The budget, introduced Monday night by the Township Committee, calls for expenditures of \$1,196,695. It could increase by another \$10,000, according to Mayor Melvin C. Firman, unless the township receives an anticipated reimbursement in that amount for state aid on roads.

would pay \$38 in taxes to cover the new local purpose tax, an increase of \$26. Combining the other segments of the total tax bill, the overall tax rate is expected to be about \$3.18 per \$100 of assessed value, an increase of 28 cents. This would raise the taxes on a \$30,000 home by \$82 to approximately \$954.

Budget increases include 5.5 per cent salary raises totaling \$80,000 and a \$34,000 appropriation for a new fire truck. Funds are also included for a feasibility study for a township municipal building, for replacement of three

police cars and for the conservation commission's plans to seek Ford Foundation grants on a master plan.

An increase of \$30,000 in the tax reserve is also required. The reserve will total \$220,000. A public hearing on the budget will be held Monday, March 13, at the Dutch Neck School.

COUNTY BUDGET OUT

Mercer Figure \$29.8 Million. Princeton's budget makers, Borough and Township, were accurate in their Mercer County budget predictions, it turned out this week.

The county's \$29.8 million budget, introduced Tuesday with public hearing scheduled for March 7, assigns \$1,252,537 to the Borough (up \$83,444 from last year) and \$2,366,165 to the Township (up \$177,328 from a year ago). The \$29.8 million is \$3.6 million more than last year's.

These are increases of about 5 per cent and 10 per cent respectively, over the 1971 county budget, and that's just about what both municipalities estimated the increases would be.

Princeton Borough pays 5.32 per cent of the county's budget and Princeton Township, 10.05 per cent. The municipality that pays the highest percentage of the total is Hamilton, with 22.52 per cent.

The share that each county municipality pays is determined by a tax equalization table.

UNIVERSITY ORDERED

To End Sex Bias in Hiring. The U.S. Department of Health, Education and Welfare has given the University until the middle of March to devise a plan for ending discrimination in the hiring of women or risk the possibility of losing \$20 million in federal funds.

A University spokesman said a hiring plan for the next two years is being drawn up by a six-member equal employment committee, which includes one woman. A meeting has also been scheduled this week between university administrators and women members of the faculty, staff and administration.

The action was initiated in October, 1971 when the Central New Jersey chapter of the National Organization for Women (NOW) gave the federal government a report on the status of women at the university. HEW decided it contained enough information for an investigation of alleged discrimination.

Four other schools, Columbia, Harvard, Cornell and the University of Michigan have been cited for discriminatory hiring practices by HEW, and have had funds held back for lack of an acceptable action plan.

RACISM STUDY CONTINUES

At YWCA. "Racism in the Schools" is the continuing theme for the second lunch in the series of three at the YWCA. The program on Thursday, February 24, from 12:30 to 1:30 will feature a panel discussion by Princeton High School students, moderated by Len Brown, Assistant Director of the Princeton Youth Center.

The panel will discuss such issues as identification of problems of racism, recommendations for change and responsibility for change. Members of the panel are Frances Brodsky, Tim Kornegay, Bill Sloane and Tony Towns.

The third program in the series, on March 16, will feature a group of parents who will discuss the same topic, "Racism in the Schools". The moderator will be Dr. Marguerite Barnett of Princeton University.

Reservations for the lunches may be made at the office of the YWCA on Avalon Place.

POLICE AWARDS SET

By Post 76. Four policemen will receive the annual Police Appreciation Awards of American Legion Post 76 this Wednesday at an open meeting at 8 p.m. at the Legion headquarters on Washington Road. Recipients will be Ptl. Ronald Holliday of Princeton Borough, Det. Samuel F. Bianco, Princeton Township, Sgt. Bruce A. Waters of West Windsor Township, and Det. Sgt. Robert L. The featured speaker is Evan W. Jahos, director of the Criminal Justice Division of the Attorney General's office. Post Commander Maron Charydzak will open the meeting and attorney John F. Mc

Who's Howard Hughes, Anyway?

Day by day, Princeton's best-seller is probably the autobiography of Howard Hughes as carried serially in various newspapers by various authors. In actual fact, Princeton's readers are reading the following books from Princeton's book outlets:

FICTION

"Girl, 20," Kingsley Amis. A hilarious commentary on today's culture. (Public Library).

"Wheels," Arthur Hailey, "Airport's" author takes a sympathetic look at the automobile industry. (University Store).

"Rabbit Redux," John Updike. This re-run of "Rabbit Run" is setting in for a long stay on Princeton's best-seller list — it made its first appearance last month. (Princeton Book Mart).

NON-FICTION

"The Moon's A Balloon," David Niven. A little Hollywood spice for the non-fiction shelf. (Public Library).

"The Ra Expeditions," Thor Heyerdahl. Adventures at sea and in history. (University Store).

"Touch the Earth," T.C. McLuhan. North American Indians, in their own words, speak eloquently of their tragic past. Handsomely illustrated. (Princeton Book Mart).

RECOMMENDED

"Kathleen and Frank," Christopher Isherwood draws from the letters and diaries of his parents to create a kind of biography-autobiography. (Public Library).

"The Closing Circle," Barry Commoner. Inter-relationships of man, nature and technology. (University Store).

"The Chapel of Princeton University," Richard Stillwell. (Princeton Book Mart).

Carthy will serve as master of ceremonies.

The awards are given to the man in each locality who, in the opinion of the chief of police, has been an outstanding officer during the past year. D. Don Richards and Robert E. Kling are co-chairmen of the awards committee.

DINNER-DANCE PLANNED

By Byrd Committee. The Elizabeth Taylor Byrd Committee will hold its Dinner-Dance on Saturday, February 26, at 7 at the Greenbrier Inn, North Brunswick. Cocktails will precede the dinner from 6-7 p.m.

Chief of Police Fred Porter of Princeton Township will be the recipient of this year's a-

chievement award from the group.

M. William Howard Jr., will be the guest speaker of the evening. Mr. Howard entered Princeton Theological Seminary in 1969 and will graduate in May with a Master of Divinity Degree.

Since coming here, Mr. Howard has been engaged in many campus and community activities. In the summer of 1969 he conducted a research project in Princeton to determine ways in which black students at Princeton Seminary could best offer their talents to the community. This project was funded by the faculty of the Seminary. He has served as campus minister to Livingston College and is presently associate pastor of the First Baptist Church in Princeton.

Tickets for the 10th anniversary Dinner-Dance may be purchased by calling Mrs. Frederick Burrell, 924-2865. Mrs. James Briscoe is chairman of the Byrd Committee.

SEN. CASE BACKED

By Mercer Republicans. W. Harry Sayen, Republican County Chairman, has announced the results of a poll taken of Republican Municipal Chairmen. (Of those polled), it was unanimously agreed that Senator Clifford Case should be supported for reelection to the U.S. Senate against any possible opposition by Congressman Charles Sandman.

"This is a positive statement for Senator Case," Mr. Sayen said. "There are two basic reasons for this support. First, he has been a compassionate, understanding, intellectually-honest Senator. He has spoken truthfully, as he sees it, on the issues of import."

"Secondly," Mr. Sayen stated, "from a pragmatic political viewpoint Senator Case's

coat-tails are strong, long and wide. He has, more than any other New Jersey elected official, carried municipal, county and state officials into office."

"Such municipal chairmen as Mrs. Nancy Schluter, Samuel Weinroth, John Yeoman, Mrs. Christine St. John and Boyer Royal agree also that Senator Case has almost unsurpassed Republican seniority in the Senate — an extremely important plus from New Jersey's point of view.

Zoning Decision on OK Bar Overruled

Mercer County Judge Frank Kingfield has overruled a decision made last summer by the Borough Zoning Board which denied Mrs. Theresa Nini the right to sell her liquor license and OK Bar on Lytle Street to Paul Harvey of Lambertville.

Judge Kingfield ruled that the section of the Borough Ordinance which states that when a non-conforming use in a building has been discontinued for a year, the building must revert to a conforming use, is invalid. It is invalid, he said, because it was more restrictive than the state statute and a community cannot make laws more restrictive than state laws.

When Mrs. Nini attempted to sell her bar last summer, the Borough zoning officer ruled that she could not because the bar had been closed the previous half-dozen years because of Mrs. Nini's ill health. The Zoning Board, after hearing the case, overruled the zoning officer, and gave its approval to the sale.

The decision, however, aroused neighbors in the area who were opposed to the reopening. A month later, the board agreed to rehear the case on the basis of alleged new evidence. This time it refused to allow Mrs. Nini to sell, and her attorney appealed.

Judge Kingfield found after reviewing the facts, that Mrs. Nini at no time intended to abandon the use of the property.

In a letter to the board, board attorney William H. Von Oehsen Jr. wrote that inasmuch as the position the board took in its initial meeting was in accordance with the majority of the thinking on this issue in New Jersey, and in view of the decision of Judge Kingfield, it would be difficult to prevail in an appeal.

Borough Administrator Robert Mooney commented that the Borough has not officially been notified of Judge Kingfield's decision and that Mayor and Council have not, therefore, made any decision on whether to appeal.

SEASON SHAPING UP
For McCarter. Five plays, including a Shakespeare and maybe even one or two new offerings, will be presented next season at McCarter, starting October 26 and extending through April 8.

The new resident repertory company, whose acting members are now being chosen, will be directed by Louis Criss, artistic director.

Each of the five plays will be given next year in 20 day-time performances for students, and in seven evening performances plus a Sunday matinee.

Daniel Seltzer, faculty chairman of Princeton University's McCarter theatre committee, says the plays will cover the range from classic to contemporary.

The Fellini, is based on the writings of the Roman writer Petronius, who set down what he had seen in the court of Nero as a form of blackmail of the Roman emperor.

Between the two showings, McCarter will screen, at 9:15 p.m. only, a one hour documentary called "Ciao, Federico," which was shot while Fellini was making the film, and

"Claire's Knee" fifth in Rohmer's cycle of "Six Moral Tales," describes the way four people maneuver their wit to protect their emotions. It will be shown in French, with English sub-titles.

ANOUILH COMING UP

With "Ring Around the Moon," Christopher Fry's English adaptation of "Ring Around the Moon," the comedy by French playwright Jean Anouilh, will be presented this weekend and next by Princeton Community Players.

Performances will be given in the Little Theatre of the Unitarian Church on Cherry Hill Road, just off Route 206, at 8:30 this Friday, Saturday and Sunday and next Thursday, Friday and Saturday.

Ticket reservations may be made between 6-9 p.m. at 924-5816 or 924-6231.

"Ring Around the Moon" is a witty melange of mistaken identities, farce and the manipulation of life for one's own amusement.

By the time the play draws to a close, lover threatens to separate from lover, millionaire from mistress and millionaire from his millions. But it all comes out happily in the end.

LET'S GO TO THE MOVIES

. . . To Each His Own. Movies in Princeton have reached a fever pitch. From February 7 to 19, no less than 28 full-length films were booked plus 23 shorts.

"It certainly seems to be increasing," says the Princeton Playhouse manager, Richard W. Knight, "when we have a picture like 'The French Connection' we don't feel it."

The Public Library ran five shorts on Canada in its family series on February 8; the China Club showed the Felix Green documentary "China!" and The McCarter screened Bresson's 1966 film "Au Hasard, Balthazar" in its International Film series, all on February 8.

LOTS OF GIFTS
And Cooking Sherry. If you're thinking about giving the shirt off your back to someone, you can make this fine gesture by buying the famous Blum chocolates from San Francisco packaged under a white-collared red-striped shirt, with a laundry ticket on the reverse.

The award-winning Blum candies are available at The Whipple Tree, Route 206 north of Princeton near the Harlingen Reformed Church. The "Shirt off My Back" pack is \$3.95. There are others, too. Cherry cordials come in a round white box with a stylized cherry tree on the cover. There are marvelous "Nuts and Chews" to sample, as well as licorices and hard candies. The packaging of all is a delightful change.

The Whipple Tree also has the Villager candies, and they're no slouch at candy-making either. Try the butter crunch, the chocolate mints, the caramels.

The Whipple Tree is filled with giftware, fine candies and Grandma Wheaton's goodies (most of which are packed in mason jars). The shop was opened two weeks before Christmas by Richard Buston and was promptly mobbed by customers. Manager Gwen D'Agostino rarely got out for a meal.

You'll find there English bone china made by Aynsley; demi-tasse cups and saucers painted with fragile bouquets of violets or roses; salt-and-peppers with rosebud tops; snack-size plates with a touch of gold around the scalloped edges; vases, and more.

There are traditional pewter designs in Armetale — plates (\$3-\$9), mugs, serving dishes, porringers, even some

AT THE WHIPPLE TREE, Mrs. Gwen D'Agostino presides over gifts and goodies that even include Grandma Wheaton's Cooking Sherry. The new shop is on Route 206 near the crossroads by the Harlingen Reformed Church.

planters. Included is a very nice vegetable dish that includes two small sections and a long one. And a magnificent lidded turneen with curved ladle.

We found copper cookware, pottery items from Norway that include some attractive glasses (\$3.50). Going to another display table, we saw a graceful little coffee set — pot, sugar, creamer and a tray with a jet black center of Formica — in silver plate. The size is just right for perhaps six-demitasse cups. (\$35). This is made in India, but it looks English. For those who love the gleam of copper, The Whipple Tree has a larger set in copper.

We found rectangular snack trays of hand-painted pottery — a country barn on one, a ship at sea on the other. (\$5) There are Carolina candles, fragrant and colorful and in various sizes. We also saw some interesting glassware made in Holland from the Williamsburg patterns. The colors include a warm, delightful amber, a rich blue, a forest green.

Grandma Wheaton receives a fair amount of emphasis at the Whipple Tree. We saw her grape butter, lemon marmalade, brandy sauce, rum sauce, creme de menthe syrup and cooking sherry. Also lots of jams and honeys.

There is a special section with gifts for men, and it is worth browsing. In suede or calf are a number of traditional leather goods items, as well as a best-seller "map and mileage measure" for use on a road map (\$3.50). Also a small owl that contains four shot glasses (we liked this) travel slippers and cylindrical zipper bags.

There are women's shoulder bags, too, with very lovely, tie-dyed centers. The bags are round, mostly. Choose dark red, lavender, brown. There are matching best-purses, change purses, and more.

The Whipple Tree is named from the wooden harness used to yoke two horses. Mrs. D'Agostino explained to us. She pointed out the whipple hanging over the front door. "You know, I have had more men tell me that they don't call that a whipple...and then they give me some other name for it."

The Shop is open daily, except Mondays.

ALL ABOUT RUGS

At Ludwig's. The Ludwig Bros. Carpet Shop is at the Blawenburg crossroads, right next to the luncheonette. It also opened last December, a cheery, bright place with hundreds of rolled samples of the rug market today.

Bob Ludwig, who's in this with his brother Bill, is aiming to make the store a "rug library" as he calls it, expanding the shop to the rear and adding still more samples. He chose the location because it's out of the high rent area and he passes the savings on to his customers. As a matter of fact, there is a sale on now.

Ludwig's gives a two-year service guarantee on the rugs they install. "If the rug becomes defective within two years, we'll replace it," Bob Ludwig says.

Going around the samples is a pretty exciting venture, because the colors, both solid and blends, are so interesting. "We have been in the rug business for seven years, working as installers," Mr. Ludwig told us, "and we have selected carpets for the shop that we know will stand up."

The most expensive, perhaps, are the three-color shags of acrylon. (but there's a sale on). The acrylon is the easiest to clean and it takes tough wear. The colors are fast. Think of a shag — taken from a great many samples — that blends two colors of green with cream; or light and dark blues with gold, or two blues and a soft green. There are others in solid colors, or in two tones, such as cocoa brown with tan.

There's a new shag that gives the effect of marble. Made of nylon, with three different weight yarns fluffing out in a fine display of color.

It's New To Us

—Continued From Page 11

"Shags are easy to clean," Mr. Ludwig told us. He has them in his own home. "Use a shag rake to rake the pile up before vacuuming, then — depending on how you like it to look — rake it again, or leave it low."

Ludwig Bros. has plush carpeting in acrylon or polyester. The polyester is heavier, or fuller. The colors, again, are just fine. There are nylon twists to look at, with a high lustre finish that just glows. "Most of the carpets in the store have double jute backing," Mr. Ludwig commented, adding "The shag twists, regardless of who is the manufacturer, is never as tight as the plush."

The shop has heavy duty carpeting for the kitchen and busy halls, made of nylon, or acrylon or herculon, all with rubber backing. There is a range of about 90 colors, ranging from solids, to tweeds to prints.

Then there are the random sheered rugs, also the carved, embossed or scrolled rugs. Ludwig Bros. is open daily 10 to 10, including Sundays.

LEAN LINE ORGANIZES

For Dieters. A weight reduction club known as Lean Line, will open its Princeton branch at 7:30 p.m. on Wednesday, February 23, at Princeton Baptist Church of Penns Neck.

Mrs. Janet Buckner of Manville, who has lost 83 pounds on the Lean Line diet, will be on hand with Mrs. Lorraine Wurtzel and Mrs. Toni Marotta to welcome one and all and to explain the program.

Lean Line claims a "medically approved and nutritionally sound diet," and adds an intensified form of group therapy, called "buzz sessions." These are planned to encourage Lean Liners to discuss their weight problems with fellow members in small-group fashion.

Dr. Isaac Rubin's theory of regular "vacations from dieting" is designed as a transition tool, for it allows the member to practice maintenance at every 10-pound loss, with complete direction and supervision from the club director.

The directors feel that anyone can lose weight, and fat people do it all the time. However, to lose it and keep it off is the ultimate. There's a fine piece of jewelry, especially designed for Lean Line, that goes to members after 15 consecutive weeks of club participation. Further information is available from 757-7677. The church is located on U.S. 1 and Washington Road, with the meeting hall on Washington Road.

KNOW YOUR ENEMY and SAVE YOUR TREES

from the

Caterpillar

GYPSY MOTH

THE GYPSY MOTH HAS ARRIVED IN THE PRINCETON AREA. IN JULY 1971 IT DEFOLIATED ALMOST TWO MILLION ACRES OF TREES FROM MAINE TO NEW JERSEY AND INTO NEW YORK AND PENNSYLVANIA. REPEATED DEFOLIATION CAN KILL OR SERIOUSLY WEAKEN A DECIDUOUS TREE, AND A SINGLE DEFOLIATION CAN DESTROY A PINE, SPRUCE, OR HEMLOCK. HERE ARE STEPS YOU CAN TAKE NOW TO HELP CONTROL IT WHILE INFESTATION IS STILL LIGHT:

1. EGG MASSES

These are the beginning of a vicious cycle in the Gypsy Moth's life. They are oval in shape, up to 3/4" wide and 2 1/2" long, covered with buff colored fuzz and resembling a piece of chamois. From August to April they are found on tree trunks, on the undersides of branches, under dead bark, on and under logs and rocks, etc.

Destroy by scraping off carefully with a spoon or knife, collect in a container and burn, or let soak in kerosene for 12 hours. (Eggs which drop to the ground will survive and hatch in April.)

Or, paint masses on trees with a mixture of 1 part creosote and one part kerosene or fuel oil. CAUTION: Creosote may damage the cambium layer of thin-barked trees. Wear gloves. Do not let children handle creosote.

EACH EGG MASS CONTAINS FROM 500 to 1000 EGGS, SO EACH MASS YOU DESTROY IS AN AVERAGE OF 550 FEWER CATERPILLARS TO RUIN YOUR TREES NEXT SUMMER AND PRODUCE 123,750 MORE CATERPILLARS THE FOLLOWING YEAR.

2. LARVAE

Tiny hairy larvae hatch from April to May depending on weather, and begin to feed immediately. They drop from silken threads and travel on the wind 30 to 50 miles. Be alert and try to spray with a contact spray as they emerge from any egg masses that escaped you.

3. CATERPILLARS

As the larvae grow and molt they turn into brownish gray caterpillars, with tufts of hair on each segment, and on their backs five pairs of blue dots followed by six pairs of red dots. After the fourth molt they descend from the tree-tops to hide in the daytime, and feed only at night.

To trap them, in mid to late May tie a burlap strip 18" wide around each tree trunk with a length of twine in the center, and fold the top half down. Caterpillars will hide

there during the day, whence you can knock them off into a can of kerosene. A 6" band of tanglefoot, available at nurseries, applied around tree trunks will also help to stop them.

4. PUPAE

The pupae appear in July in dark shell-like capsules, when they hide and rest for 10 to 15 days. Trap these also in burlap strips and destroy.

5. ADULT MOTHS

Adult moths, which do not eat, emerge in late July or August and live only about two weeks. The male is brown with a purplish stripe, about 3/4" long, and has been found to fly 20 miles to find a female and mate. The female is about 2" long, white with black wing markings, and since she cannot fly lays her eggs near to where she has emerged. So the life cycle begins all over again, each April.

THE SIMPLEST CONTROL IS TO SEARCH YOUR TREES FOR EGG MASSES AND DESTROY THEM BEFORE THEY HATCH.

6. BIOLOGICAL AND CHEMICAL CONTROLS

The N.J. Department of Agriculture has released parasites and predators to help control the moth. Until these are numerous enough, chemical controls will be advisable only in cases of extremely heavy infestation. Carbaryl (Sevin) is the recommended insecticide, but it is harmful to bees and to the natural enemies of the Gypsy Moth so preventive spraying can do more harm than good. Use only when valuable trees are being defoliated.

The Princeton area is not yet so heavily infested as to warrant chemical control by the N.J. Department of Agriculture this year. But on the basis of present egg mass count, it is anticipated that infestation will be heavy in 1973.

NATURAL ENEMIES OF THE GYPSY MOTH HAVE BEEN RELEASED IN OUR WOODS, BUT THEY NEED OUR HELP.

THERE IS NOW AN EXHIBIT OF THE GYPSY MOTH IN THE PRINCETON PUBLIC LIBRARY, SET UP BY THE N.J. DEPARTMENT OF AGRICULTURE. GO SEE IT.

Detailed information will shortly be available at Bainbridge House, Borough Hall, the Environmental Clearing House, the Public Library, Township Hall, the Whole Earth Center, and elsewhere.

This information has been made available by the Gypsy Moth Information Sub-committee of the Conservation Commission, The Conservation Coalition, the Friends of the Princeton Environment, the Garden Club of Princeton, Ecology Action of Princeton University, the Marquand Park Foundation, and the Woodfields Reservation Committee.

Town Topics regrets that, because of space limitations, only events open to the general public can be included in the Calendar. Publicity chairmen are requested to include a brief, separate announcement when they send in a news release of a public event. In planning future events and to avoid conflicting dates, chairmen should consult the year-round Community Calendar maintained by the League of Women Voters at the Princeton Public Library.

we care

why should we guarantee other people's products?

If we didn't, we couldn't honestly say WE CARE. Could we?

You see, before any product is allowed on our shelves, we've checked it out pretty carefully.

We've checked the company that makes it.

We've checked to be sure the product is all the package says it is.

If you ever buy anything at A&P you're not happy with, you don't have to bother to write a letter to the company that made it.

Just tell your A&P store manager. He'll give you your money back.

We'll get in touch with that company for you...and for us.

That's A&P's guarantee.

No matter who makes it, if A&P sells it, A&P guarantees it.

Not every store can offer you a guarantee like that.

A&P can...and does. Shouldn't A&P be your store?

Diogenes Stop Your Search,
To the Editor of Town Topics:
Just a very sincere and warm "think you" to the unidentified person who found my wallet (full of money from a newly-cashed check) lying where I had unknowingly dropped it, somewhere on Boudinot Street.

You were most considerate to have placed in on the car to which you thought it belonged. It turned out to be someone else's car, but that person promptly delivered it to the police station. I had my wallet back within a few hours with everything intact.

You can't imagine my unbounded joy that day; to go from believing my wallet to be lost or stolen to the knowledge that it had passed through two pairs of completely strange hands and had come back exactly as it was when dropped. Having the money back was, of course, the very least of my happiness. Knowing that basically people are still honest and concerned for others is something I will never forget.

MAXINE A. GURK
26 Howe Circle

We Women Will Do the Job.

To the Editor of Town Topics:
In reply to "Drink your beer, dear and break the bottle", page 3, Town Topics, Thursday, February 10:

Housewives of Princeton, unite! Yes, and Mrs. Cawley and Mrs. Cornforth, too!

Do you know what our Borough Councilman and Mayor, these gallant Victorian gentlemen, are so nobly protecting you from? In Princeton, in 1972?

During the months from February 1971 through December 1971, a great many of the good people of this town were glad to set up six, count 'em, six (6) bags or boxes, in the kitchen, to be transferred when full to garage or basement until collection time. As follows:

1. for aluminum: rinsed clean, stamped flat (10 sec./pc.)
2. for bimetal cans: rinsed clean, bottom removed (as you did the top, in can opener), stamped flat, paper peeled off (very easy and quick when can is flat) (30 sec./pc.)
3. for clear glass: rinsed clean (10 sec./pc.)
4. for green glass: rinsed clean, tops and metal collar removed
5. for brown or other: rinsed clean, tops and metal collar removed (10 sec./pc.)
6. for newspapers: tied with string in manageable bundles, (60 sec./wk.)

... a daily expenditure of perhaps as much as ten whole minutes. Backbreaking labor? "Crown of thorns"?

If you merely dump your daily container refuse into your garbage can — out of sight, off your conscience — you probably don't realize until it's too late what a whopping lot of cubic space on this still fair earth you personally have rendered unsightly and useless. A total of 140 tons of glass, 146 tons of paper, 8 1/2 tons of bimetal, 2 tons of aluminum DID NOT GO INTO PRINCETON'S DUNDLING LANDFILL, thanks to Princeton's housewives.

If you never brought your monthly collection of empty food and drink containers to re-cycling, and if you never labored there to unload the aggregate refuse of even a small portion of this community's households — you probably can't appreciate what satisfaction that 10 minutes of tidy sorting gives to any housewife worthy of the name.

As civilized human beings we have yet to learn how to prevent war, but we have learned, thanks to the Conservation Coalition in eleven months of well-planned and researched operation, how to keep our community from being buried in its own trash.

Gentlemen, don't try to pass off a momentary lack of energetic determination to solve this solvable problem, as sparing the hard-working housewife, or on the grounds of discrimination. Most of us see through that one.

Yes, if "men aren't THAT interested", women will do the job because they realize the value — indeed, the necessity — of having it done. Most of the liberated women over 30 learned to do just this during World War II; the habit's not hard to acquire. If women will do the work, can you be far behind with the appropriate legislature? Other communities have managed it.

If women will do the work, it's halos you should be handing them. "Crown of thorns", my hat! Vive la difference!

Editor's Note: The letter bore the signatures of Doreen C. Spitzer (Mrs. Lyman Spitzer, Jr.), Alice O. Brown (Mrs. Newell Brown), Elizabeth R. Tukey (Mrs. John W. Tukey), Janette H. Wheeler (Mrs. John A. Wheeler), Martha L. Stohlman (Mrs. Frederick Stohlman) and Barbara Schwarzschild (Mrs. Martin Schwarzschild).

A Horrifying Attitude.

To the Editor of Town Topics:
 When a community has shown that it is very much aware of pollution problems and that it is willing to work independently to stave off, in a minuscule way, the fate to which without prompt and intensive action our heirs are doomed (let's face it) — it is rather horrifying to hear Mayor Cawley and Borough Councilman Cornforth discourage in an insidious way such a wholesome program as municipal re-cycling.

So women will have to bear the brunt of it — well, no one has heard them complain. So the company that recycles glass is "only open Tuesday mornings, Wednesday afternoons and Saturday mornings" and they take plastics about three times a year. Excuses absurd.

If buying open trucks and having them driven to Elizabeth is too costly a price to pay in the war on pollution, then our town is indeed in a bad way fiscally.

Princeton could set a good example to other localities. We are in a community blessed with many people who know what is ahead for us unless we mend our ways.

We in Princeton should be leaders. We were when we "needed" an atomic bomb.

It is known that present technology could save the world from pollution as well as destroy it. The Director of the Pasteur Institute said recently that modern science has the means to reverse — and speedily — our threatening ocean pollution.

How awful that we should stand still and leave a woeful world for our children. I often visualize suds coming out of faucets instead of clean water — yes, that's the kind of world.

How happy I and many many others would be to have a few cartons around for plastics, aluminum, tin, various glasses and paper. We have all been trained for some time to sort and paperbag our garbage and metals-glass separately. No one finds it such a big deal and could certainly sort a few items further.

It is true that the prospect of removing ends from cans and crushing them flat underfoot is a bit of a nightmare. I really do not see why this has to be. Why cannot clean rinsed tin cans be crushed by machine at their place of destination? (Of course that would be removing a prime discourager to the re-cycling activists.)

Actually there should be municipal collection bins for the re-cyclable items so that families would not be unduly burdened. But it does seem that, with such a wish-washy attitude on the part of Mayor and Council, Mr. Citizen will have to do much more than his share.

Municipal re-cycling ought to be the big thing in Princeton.

Blacks' Charges Are Valid.

To the Editor:

Everyone who attended the Borough Council meeting last week heard members of the black community lay serious charges against the Borough Police Department.

The discussion raised in my mind questions that go beyond the merits of Mr. Silvis' individual case. I was discouraged that when these points were raised by Councilman Moore, they were brushed aside.

Not one white elected official responded in a meaningful way to the discussion from the floor. Our elected officials offered no new proposals to deal with these citizens' grievances, which are longstanding. It is difficult to believe that the Borough officials are ignorant of the tensions between the police and the black community. The question is, why are they so unwilling to act?

Let us be a first-rate example. Publicize, explain, establish habits.

And to answer Mayor Cawley's question — do people really want re-cycling — how much more of a "YES" would you expect, sir, than that they wholeheartedly do it themselves for months on end, in the hope that their municipal government would ultimately pick up and carry on?

Recycled Remarks.

To the Editor of Town Topics:
 With your permission, I would like to amplify, insofar as it referred to me, the item on recycling which appeared in last week's issue of TOWN TOPICS.

At the Borough Council meeting where the matter came up, the chairman of the Public Works Committee reported the results of an investigation by the Borough engineer as to how recycling might be accomplished as part of the regular garbage collection, more properly called "solid-waste collection."

This could be done by confining the mid-week solid-waste collection to the collection of recyclable material only. In half the town, this day is Wednesday; in the other half, Thursday. On the mid-week day, both burnable and non-burnable materials are now picked up.

Under the plan being investigated, those in the Wednesday half of town, for example, would on the first Wednesday of the month, place at the curb a container holding only clear glass prepared for recycling; on the second Wednesday, only brown glass; on the third Wednesday, only green glass and on the fourth, only aluminum cans. Other non-burnable, non-recyclable material, such as tin cans, would be collected when there is a fifth Wednesday in the month. This occurs every three months on the average.

It is obvious that the plan requires clear glass to be stored over a four-week period before being collected. The same is true of each of the other three recyclable materials. Once every three months, the four weeks becomes five weeks. Non-burnable, non-recyclable material requires 13 weeks of storage.

The plan would require an ordinance forcing those who use the public solid-waste collector to make the separation, prepare the material for acceptance by the recycling center, and store it until the pick-up day designated for that type of material.

A great many people gladly do this now. However, there are many others who do not, and hence the ordinance requiring them to do so would be necessary.

At the Council meeting, it

seemed to me that by far the greater burden of this plan would fall on the shoulders of the lady of the house, should-ers already carrying a fairly large load as it is. I therefore said that Borough Council should not press down upon the brow of woman this crown of thorns.

Aside from this aspect of the plan, it should be pointed out that the restriction applies only to those who use the public solid-waste collector. Those who use a private collector need make no change since, under the plan, the private collectors are to continue to take the unsorted solid waste to the Borough disposal area, something the public collector will not be able to do.

I know of no one in the Borough who is opposed to the concept of recycling. Differences of opinion arise over the methods of achieving it. Voluntary participation in recycling is much to be preferred over that which is forced. The Township's plan, whereby recyclable materials are brought voluntarily to collection points, merits participation by the Borough.

Help Your Library!

To the Editor of Town Topics:

The Princeton Public Library is very much in need of public support. Right now!

Year after year the budgetary requests of the library

have been cut, arbitrarily, with little or no regard for the role played by the library in the life of the community, and it appears that this destructively insensitive policy will be followed again in the 1972 budget unless all friends of the library unite in protest.

The needs of the library are directly linked to the fact that it is in a growth situation. Use of the educational, recreational and instructional facilities of the library by the people of Princeton has consistently and progressively expanded during the five years the library has been in the Witherspoon Street building. For example, circulation of materials last January was 15% higher than for January a year ago.

This year the library will be open longer than ever before. Unlike the school system, it will be giving a full year's service, open - except for a few holidays - not only long weekday hours but nights and weekends as well.

Obviously the library is not just another common-place municipal facility, and it must not be treated as such. What with substantially increasing use, the library must have more money to add to its book, record, film, magazine and microfilm collections, must be able to continue its programs for children, families and senior citizens and must be provided with the funds necessary to make repairs to the building as it gets older.

As former chairman of the Friends of the Library, I know from a number of years of observation how carefully and conscientiously the library has always prepared its budgetary requests. The figures are honest. The needs are real.

A case might be made for justifying the cuts in the library's requests if Princeton were a poor community or if a lot of money were involved, but Princeton is not poor and by comparison only a small amount of money is involved.

The present policy is based on false economy. It is important that the library be granted all of its budgetary requests.

Abortion Opinion Attacked.

To the Editor of Town Topics:

Following is the text of a letter I have sent to George F. Kugler Jr., Attorney General of New Jersey.

SHARON R. GLARK
208 Loestscher Place

An opinion handed down from your office in October, 1971, denying Medicaid payments for abortion to poor women is clearly unconstitutional but remains unchallenged legally.

The Federal District Court in Trenton heard law suits challenging the constitutionality of the N.J. abortion statute in December, 1970. Poor women, long deprived of contraceptive, abortion and sterilization information, suffer directly due to your opinion. They desire to have no more children than the average middle class woman.

Yet, welfare women, over-burdened with too many child-

ren to care for on ever-dwindling welfare monies, are caught in the poverty cycle. Their daughters, also denied complete contraceptive information, are likewise trapped. How long must these women and indeed all N.J. women wait for the humane right and responsibility to control their reproduction?

You, in your October opinion; our Federal District judges' inability to reach a decision; our N.J. legislators, in failing to repeal restrictive abortion and contraceptive laws; and our governor, who has stated he would veto any legalized abortion bill, all perpetuate this growing poverty cycle. Many of you are attorneys.

Perhaps the American Bar Association endorsement of a uniform statute to permit all American women the right to have abortion "on request" will nudge you towards the reality that women do in fact deserve the right and the dignity to become a mother only by free choice.

Criticism Misplaced.

To the Editor of Town Topics:

The Board of Education and its president have received misplaced criticism for the manner in which a speaker at a public meeting was ruled out of order and not permitted to continue. In the same criticism is the call for increased democratization of meetings, a goal towards which we all strive.

A meeting, like a society, if it has no rules, cannot be democratic. As Mr. Weiss and many others have correctly pointed out, the schools cannot function without discipline. Nor can our nation, or our town, or our Board. This discipline must be based on rules that are clear, as fair as humanly possible, and then equitably applied.

The Princeton Regional Board of Education has such rules. They are imperfect. They are significantly more clear and consistent now than ever before.

It is somewhat ironic that within the hour before Mr. Weiss addressed the Board, the most recent and most complete codification of our bylaws had just been unanimously adopted as a part of the new Policy Manual. Mr. Pike deserves especial credit for pursuing this difficult project for several years to its present level of completeness and consistency.

portion of the By-Laws, Article XI, which is entitled "Addressing the Board", paragraph 3. "Conduct. Each person addressing the Board shall give his name and address. He shall address his remarks to the Board as a whole rather than to any particular Board member and shall at no time engage in any personally offensive or abusive remarks. The presiding officer in his discretion may limit the time for all speakers on a particular issue. The presiding officer shall call any speaker to order who violates this section. Any person who shall disturb the peace of the Board, make impertinent or slanderous remarks or conduct himself in a boisterous manner while addressing the Board shall be forthwith barred by the presiding officer."

The word "shall", not "may," makes it imperative upon the chairman that he call to order a speaker who is personally offensive or abusive. The wording further makes it mandatory, not elective, that the chairman bar a person making impertinent or slanderous remarks. Who is to judge "offensive", "abusive", "impertinent", or "slanderous"? It must be the presiding officer.

By Robert's Rules, if there were any question as to whether his judgment was valid, any Board member could appeal from the decision of the chair and a majority would decide. But in fact, in the instance in which the president adjourned the meeting, and clearly this has the same effect as barring the speaker, no Board member raised a point of order.

The speaker from the floor made personal remarks about a member of the staff. He refused to discontinue these remarks when asked to do so by the president. He attempted to shout down the president when he tried to instruct the speaker. He refused to stop speaking when told by the chair that he could no longer have the floor.

If his remarks were not slanderous enough for some, or his sing-song mimicry not impertinent, surely even the sternest critic must agree that his shouting was boisterous and his refusal to yield to the chairman, in clear violation of the rules of conduct.

Yet Mr. Weiss was asking that we restore discipline to the schools, as indeed we must. I believe his appeal was sincere. But I become very anxious when I see that he, and other responsible citizens call for discipline yet do not acknowledge what discipline means.

In the sense in which I am sure they want it, discipline means orderly or prescribed conduct, or a system of rules governing conduct. We all share a desire to have our children in school learn respect for discipline. The task becomes possible when our adults at public meetings and private show such respect.

Highway Lighting Is Ugly.

To the Editor of Town Topics:

About three years ago a group of concerned citizens objected to the planned replacement of the lovely cast iron light standards on the stretch between Harrison and Maple Streets along Nassau Street. We objected for two reasons: (1) the old standards are lovely and make an attractive entrance to the town. New standards are either the gooseneck type of the "Town and Country" which is really an ugly fake colonial style and not in keeping with the splendid real colonial homes on this stretch of road. (2) the quality of light from the old standards is soft and appealing as is the quality of most incandescent light. That from the new standards is the often condemned blue vapor light that resembles a railroad switch yard at night.

We objected then, and apparently we won because nothing was done to change the standards. Now, after talking with the engineer, it seems that all the old cast iron standards are to be replaced by the "Town and Country" blue lights.

Apparently the State Highway Department has deemed that we don't have enough foot candles of light on the street and Public Service has offered us the choice between two ugly standards. Although this seems like a small matter, it is not.

How our town looks by day and night is important to everyone who lives here, certainly of great concern to those that live on or just off the street affected. How it looks should not be set by the people in Trenton (who have nothing to teach us when it comes to looks) or by Public Service.

If the Borough is running short on the supply of replacement standards for the cast iron ones, I suggest rather than abandon beauty for ugliness we search out other towns that are throwing out their old standards and buy them up.

I suggest that work be stopped immediately on the replacement of these lights on Nassau Street and that some action be taken to look into alternatives that fit into the looks and spirit of our now lovely town.

DID YOU EVER THINK YOU MIGHT HAVE SICK HAIR?

Hair Analysis can determine the health and condition of your hair—it's like giving your hair a physical check-up.

LA BOHEME NEXT

On Opera Theatre Schedule. Puccini's immortal La Boheme, scheduled for Friday, March 3, at 8 p.m. at Trenton's War Memorial Auditorium, will be the second fully-mounted grand opera to be staged there by the Opera Theatre of New Jersey in less than two months. The first was Bellini's "Norma," in which Beverly Sills sang to a standing-room-only audience last month.

Rodolfo will be portrayed by Giuseppe Di Stefano, celebrated leading tenor of the Metropolitan Opera for many years, in his first American appearance in five years. Mr. Di Stefano is considered "the most consequential Italian tenor of his generation."

His warm and highly expressive voice is particularly suited to the lyric Italian repertoire. He has appeared at all of the world's leading opera houses, including the Rome Opera, Milan's La Scala, the Vienna State Opera, Covent Garden, and the Edinburgh Festival, and has made guest and concert appearances on every continent.

Lyric soprano Lucia Evangelista will sing the role of Mimì, the part in which she made her debut in her native Genoa. Miss Evangelista has won international fame with appearances at La Scala of Milan and with this country's leading opera companies including "La Scala" in Philadelphia and the Cincinnati Summer Opera Company in roles ranging from Bellini to Wagner.

With Opera Theatre Miss Evangelista has also sung in "Madame Butterfly" and "Traviata." In private life she is married to Jerome Hines, leading basso of the Metropolitan.

Musetta will be played by soprano Renee Crenne, baritone Ryan Edwards will portray Marcello, and William Powell, bass, will sing Colline. New scenic designs created for the performance by Ercole Sormani of Milan will arrive in Trenton on February 29, just in time for a general run-through of the opera.

Performed more often than almost any other opera ever written, "La Boheme" had an unpromising debut 76 years ago, under the baton of Arturo Toscanini in Turin, Italy. It met a lukewarm reception from both audience and critics, who were unaccustomed to Puccini's new impressionist style. Later, at a performance at Palermo, "La Boheme" came into its own when, although a tardy oboist delayed the curtain for an hour, the audience went wild with enthusiasm and simply refused to leave the theatre without an encore of the entire fourth act.

"Eventually," writes a commentator, "the conductor gathered together a handful of the orchestra (for the remainder, doubtless including the oboist, had long ago retired to their beds) and once again raised his baton, while onstage a Mimì in ordinary clothes expired afresh in the arms of a wingless Rodolfo."

Tickets are available at Curry's Ticket Service, 35 N. Willow Street, Trenton, 394-5332.

AMATEURS TO MEET

Sunday at Unitarian Church. The next meeting of the Princeton Society of Musical Amateurs will be held Sunday afternoon at 5 at the Unitarian Church, Cherry Hill Road, off Route 206.

James Litton will conduct Purcell's "Masque in Dioclesian" and "Come Ye Sons of Art." The soloists will be: so-

Club and Music department. The one-time Broadway hit will have three performances on February 25, 26 and 27.

The musical is based on the fable "The Princess and the Pea." Kathy Bissell plays domineering Queen Agravain, who seeks to thwart every princess' efforts to win the hand of her son, Prince Dauntless, played by Norwegian AFS student Mikael Walivara. Mute King Sextamus is named throughout by Rob Gips, and Princess Winifred, who wins in the end, is played by Judy Kleinberg.

Tickets are on sale at the school at \$2 apiece, and may be ordered from any PDS student.

"STREET SCENE"

With Princeton Singers. "Street Scene," an American opera with music by Kurt Weill, will be sung by members of the Princeton Opera Association in McCarter Theatre on Friday, March 10, at 8:30 p.m. Tickets are now on sale at the McCarter box-office.

In the Weill opera, lyrics are by Langston Hughes from the original Pulitzer Prize-winning play by Elmer Rice. For this production, the director is Igor Chichagov. The orchestra will consist of members of the Princeton Community Orchestra. Stage director is Jim Tushar.

In the cast are 33 Princeton area singers and actors, including Marie Bogart as Anna Maurrant; Carole Peterson Davis as Rose Maurrant; Michael Carrigan as Sam Kaplan; David Ancker as Frank Maurrant; Virginia Cole as Emma Jones; Albert Jansson as Lippo Fiorentino; Nancy Jackson as Olga Olsen and Mary Eckroyd as Greta Fiorentino.

"CINDERELLA"

By Washington National Company. The full-three-act production of Prokofiev's ballet "Cinderella" will be danced on the McCarter stage in March by the members of the Washington National Ballet company.

There will be two presentations, one on Saturday, March 11, at 8:30 and a Sunday matinee on March 12, at 3 p.m. Tickets are on sale at the McCarter box-office for the Saturday performance only, although standing-room is available for the Sunday matinee.

Frederic Franklin, artistic

director of the National Ballet, will re-create his famous portrayal of one of the ugly sisters especially for the two Princeton performances.

Standing-room only remains for the Alvin Ailey American Dance Theatre in McCarter on Sunday, February 27, at 3 p.m.

The Alvin Ailey dancers will perform several works new to Princeton audiences, including Brian MacDonald's "Time Out of Mind," and three works by Mr. Ailey — "Cry," for solo dancer Judith Jamison; "Myth," set to Stravinsky music and "Mary Lou's Mass," a new work using a musical score by jazz pianist Mary Lou Williams.

SHERIDAN, GORKY DUE

From Juilliard Students. An unlikely pair of playwrights — Richard Sheridan and Maxim Gorky — will share the stage when the Juilliard Acting Company comes to McCarter on Friday, February 25, and Saturday, February 26.

"School for Scandal," the Sheridan comedy classic, has been directed for the Juilliard students by Gerald Freedman, who did the original production of "Hair," plus several plays for the New York Shakespeare Festival.

"The Lower Depths," Gorky's famous but rarely performed work, is under the direction of Boris Tamarin. Best known as an actor, Mr. Tamarin appeared in New York productions of "Anastasia" and "The Tenth Man" and has done adaptations of Dostoevsky — "The Idiot" and "The Brothers Karamazov."

GARDEN

A New Leaf (now playing) Elaine May wrote the screen play, directed and acts in the leading role opposite Walter Matthau in this tour de force, one of the most successful film releases of the past 12 months.

Satirical, often purely funny, sometimes bordering on black comedy, the story concerns a playboy (Matthau) who seeks to recoup his squandered fortune by wedding an eccentric millionaire's (Miss May). His gentle thought is to marry her, then murder her.

PLAYHOUSE & LINCOLN

Diamonds Are Forever (now playing). Sean Connery is back on the set playing James Bond in a new installment of the phenomenally successful film series.

Amsterdam, Africa and Las Vegas figure in this one, along with missiles powered by diamonds and programmed by tapes for world-wide destruction. There is a good old-fashioned car chase through the neon-lit streets of Vegas that steals the show. A run-in with two Amazons named Thumper

The Canes share an idea that is, today, distressingly rare. They think that wood furniture should be made of wood, brass lamps of brass, and that plastic is best restricted to toothbrush handles and toys. And they've done something about their idea: assembled several hundred fine upholstered pieces, museum re-creations, hand-crafted accessories, and custom-made furnishings, and put them all under one roof at Cane Farm. You can come see them, savor them, and buy them for reasonable prices.

Carmen Prezioso

TEACHER TO GO ABROAD

To Represent AFS. A coffee for Carmen Prezioso, chairman of the Modern Language Department at Princeton High School, has been planned by the PHS PTA for Thursday, February 24, at 3 in recognition of his forthcoming American Field Service Educator Program trip abroad.

Mr. Prezioso, who has been a member of the PHS faculty since 1955, has been selected from 300 candidates to visit Switzerland under the joint sponsorship of the A.F.S., Switzerland, the Princeton Chapter of the A.F.S., the Princeton Regional Schools and the A.F.S., New York.

Mrs. James Ward, PTA president, has invited members of the School Board, faculty, former students, parents, and other friends and interested citizens to join in the coffee hour in Mr. Prezioso's honor in Room 148 at the high school under the chairmanship of Mrs. Russell Davison.

Mr. Prezioso plans to leave for Switzerland February 28 for almost a month. He will observe a variety of secondary schools, language teaching methods, and the concerns of the young people in their schools. He expects to spend a week in Geneva visiting and talking with educators primarily about language training.

He hopes to accompany a high school group on a week's ski camp where the students will spend part of each day in class. He also will be observing class organization and student government. The third week will be spent in the Italian sector.

Among those assisting Mrs. Davison in planning the coffee in Mr. Prezioso's honor are Mrs. Alfred Green, Mrs. John McLusky, Mrs. Richard Strazza and Mrs. Kenneth Negus.

CAREER NIGHT PLANNED

For Princeton Area Women. "That's a Good Job (for a Woman)" is the title of a talk to be given by Sandra Grundfest at an open meeting sponsored by the Professional Roster of Women and the University League Roster. The meeting, called "Career Night" by the sponsoring organizations, will be held in the lounge of Stevenson Hall, 83 Prospect Avenue, on Wednesday, February 23, at 7:30.

Mrs. Grundfest, who is Assistant Director, Office of Career Services, Princeton University, will talk about new directions for women. She is currently concerned not only with helping students formulate post-college plans, but also with influencing employers to expand the opportunities they offer to women.

After the keynote speech, the meeting will break up into special — interest discussion groups to explore the areas of law, government, communication, education, medicine, guidance and social work, administration and business. A number of women from the Princeton area who are actively engaged in these fields will be present to share experiences, give advice and offer encouragement.

The meeting at Stevenson Hall will be the first sponsored jointly by the Professional Roster and the University Roster. Since September of last year, the Professional Roster, a non-profit, voluntary employment service, has had the use of an office in Stevenson Hall. The office is currently open from 10 to 12:30 on weekdays.

Peter B. McCandless, son of Mr. and Mrs. Joey L. McCandless of Lambertville, has been awarded the David Spencer Hackett memorial scholarship to an Outward Bound school. Each year the scholarship at Andover is awarded to the boy whose modesty, determination, and high personal standards most resemble those of David Hackett. David Hackett was a soccer captain at both Andover and Princeton. He was killed going to the aid of a fallen comrade while on service as a First Lieutenant in the United States Marine Corps in Viet Nam.

In his first year at Andover, McCandless as varsity football quarterback helped the team to a 7-2 record and has been elected co-captain for next year. This winter McCandless is a member of the strong varsity hockey team. He came to Andover from Princeton Day School.

Marine Pvt. William L. Page, son of Mr. and Mrs. Luther Page of Princeton graduated from basic training at the Marine Corps Recruit Depot at Parris Island, S.C.

Scott McVay, a senior member of Princeton University's administrative staff for 11 years, has been named executive director of the Robert Sterling Clark Foundation. The appointment is effective May 1. Incorporated in 1952 in New York State, and with offices at 100 Wall Street, New York, the Robert Sterling Clark Foundation has in the past supported both higher and secondary education, programs in urban affairs, hospitals, youth agencies and cultural endeavors.

As the Foundation's first director, Mr. McVay, a graduate of Princeton with the Class of 1955, will be responsible for the development of guidelines regarding the allocation of its resources, the evaluation of all future requests for support, and a review of the use of current grants.

With the exception of two years, 1963-65, with the Communication Research Institute in Miami, Florida, Mr. McVay has been associated continuously with Princeton since 1959, the year he set up the Office of the Recording Secretary. For four years he served as Recording Secretary and since 1965 has worked in 1 Nassau Hall as Assistant to President Robert F. Goheen for two years and then as Assistant Treasurer.

A graduate of Phillips Exeter Academy, Mr. McVay served for three years with the U. S. Army Counter Intelligence Corps after graduation from Princeton. Following training in the U. S. and schooling in the German language in Stuttgart, he had a classified assignment in West Berlin.

His wife, Hella McVay, is chairman of the Mathematics Department at Stuart Country Day School. The McVays, residing at 40 McCosh Circle, have two daughters, Catherine, nearly 12, and Cynthia, 10½. Mr. McVay is the son of Mr. and Mrs. Martin S. McVay, 15 Palmer Square.

Cadet Winfield S. Arnott, son of Mr. and Mrs. Arnott, 88 Magnolia Lane, has been named to the Superintendent's List at the U.S. Air Force Academy.

Michael J. Sodomini, son of Mr. and Mrs. Joseph Sodomini, 123 Washington Road, has completed training at Oceania Naval Air Base in Virginia, and is serving aboard the attack air carrier John F. Kennedy as a pilot.

Invites You

The community has grown. So have postage costs. No longer can each of you receive by mail an invitation to participate in the work of the Princeton Study Center.

You can help us put all our small budget and all our effort directly into education by using the coupon below.

The main effort of the Princeton Study Center continues to be TUTORING. Adult volunteers meet with students from 6th to 12th grades in scheduled sessions once a week at Community Park School. This program requires 2 part-time employees and costs about \$2,000. Kate Litvack is the Board member in charge.

Other areas of service are:

- An afternoon program under Billie Martin involves high school volunteers who work with children in grades 1 through 5.
- Adult education under Mimi Gershen has 15 tutoring pairs, working on basic literacy, or high school equivalency, or learning English as a second language.
- A homework assistance desk at the Public Library has been staffed by volunteers and overseen by Joan Briscoe.

Usually at this time of year plans are under way for a summer program. A committee headed by Joe Blanc foresees the need for such a program for middle-school boys and girls, but planning that requires a paid director and staff cannot be made until funds are available.

The Princeton Study Center depends entirely on contributions from the community to continue to operate. Donations are tax deductible. Even if you don't receive a special plea by mail, will you help by sending a check with the coupon below? Please!

children will be held at 8 p.m. Friday, February 25 at Hopewell Presbyterian Church, 80 Broad Street. Hyon Bok Kim, associate director in charge of adoptions, of the Holt Adoption Program, Creswell Oregon, will speak at the meeting, which is sponsored by Frontiers in Adoption, a New Jersey adoptive parents' organization.

The Holt Adoption Program is an accredited adoption placement agency in New Jersey and maintains an orphanage in Korea. Mr. Kim regularly visits New Jersey to make home studies and to counsel adoptive parents and prospective adoptive parents.

Homes are needed for full Korean girls and boys. There are still more children waiting for homes by far than there are homes available, and their needs are urgent, the Agency reports.

According to Sally Grossman, executive secretary, "Many infants and small children are abandoned, and when they arrive at the orphanage they are often undernourished and need individual attention, medical care and nutrition before they are considered adoptable."

Holt also has a sponsorship program in which a monthly contribution will enable a child to get the daily care he needs until he is placed in an adoptive home or will provide special services for a handicapped child.

For more information contact Frontier in Adoption, 163 Nassau Street, or call 924-5922 or 924 7352.

THE WAR IS ON!

Against Gypsy Moths. Eleven Boy Scouts of Troop 50, Trinity Church, bucked cold and wind Saturday to comb Marquand Park for egg masses of the Gypsy Moth, which has begun to invade Princeton. They were accompanied by their Scout Master, Harold E. Crane, Jr., Joseph Schoen and Samuel J. deTuro, Jr. of Woodwinds Associates, who had briefed them with a program of slides.

The Gypsy Moths are no strangers to the Scouts, who have seen their depredations in the heavily-infested woodland at their summer camp at the Yard's Creek Scout Reservation at Blairstown. The search was a service to Marquand Park, in which the Scouts have a proprietary interest, having worked in the park and planted dogwood trees in the woodland.

This trip, to be followed by another in more element weather, yielded only two egg masses to be counted with the 23 previously removed. The first of the two was scraped off by Senior Patrol Leader Bruce Wells, and placed in a jar to be destroyed.

The search was the first of a growing number planned for Princeton by Scout, school and YMCA groups between now

Princeton Five Hopes Home Stand Will Add to Modest Winning Streak

Princeton's basketball team will finish its home season in Jadwin Gymnasium during the next ten days, hoping to use the four games to build a firm foundation for a shot at the NIT. Yale and Brown this weekend, Columbia and Cornell next, round out the action here. The first weekend in March will bring a tougher than usual road trip to Providence and New Haven. If the Tigers win them all, they'll be firmly in second place in the Ivy League, able to show a 19-6 record and ready for a chance to play in the colorful National Invitation Tournament.

Ivy League standings which show both Brown and Yale in first division are a real rarity — particularly a second-place rating for the Bruins. With four games still to play against Penn and Princeton, they do not figure to challenge for the runner-up spot by season's end but could make it a difficult night for the Orange and Black at Providence on March 3.

Brown had won 10 of its last 11 games after topping Dartmouth Friday, but then committed the costly mistake of losing on its own court to Harvard the following night. Since the Rhode Island quintet must still play the Crimson at Cambridge, in addition to home-and-home games with Penn and Princeton, it is quite unlikely to operate at a .500 pace during the final three weeks of the season.

The Reason Why. Arnie Berman, a 6-7 resident of Short Hills, is the player who has

done most to turn Brown basketball around this year. Averaging 26 points a game, he is one of the nation's leading scorers and is in front in the Ivy race with 216 (to 198 for Brian Taylor.)

A major portion of Berman's prolific scoring is his extreme accuracy in foul-shooting (89 percent), combined with the fact that he makes many trips to the free throw line. He is the first player since Bill Bradley graduated seven years

SPORTS in Princeton

ago to break one of the former Tiger star's Ivy League records, and he has since bettered his performance that erased Bradley's mark.

Early in January, Berman hit on 22 of 24 foul shots to surpass the mark of 21 (out of 21) that Bradley set against Cornell in 1964. Three weeks later, Berman made 25 out of 26 to prove he was hardly a flash in the pan. Brown thinks he has All-American stature, and has published a four-page brochure on his accomplishments to say so.

Only one or two other Bruin players have much scoring potential — sophomore Mark Flynn hit for 30 points in the triumph over Dartmouth, but that was 20 points over his season's average. Brown's big man, 6-9 center Roy Stiff, has been bothered with a knee problem and is a question mark this weekend.

Fourth in the Ivy League but no better than 7-11 on the season, Yale hit a peak Saturday when it defeated Dartmouth at New Haven, 101 to 91. A pair of victories over Cornell and break-even performances against Brown and Columbia round out the Elis' victory totals.

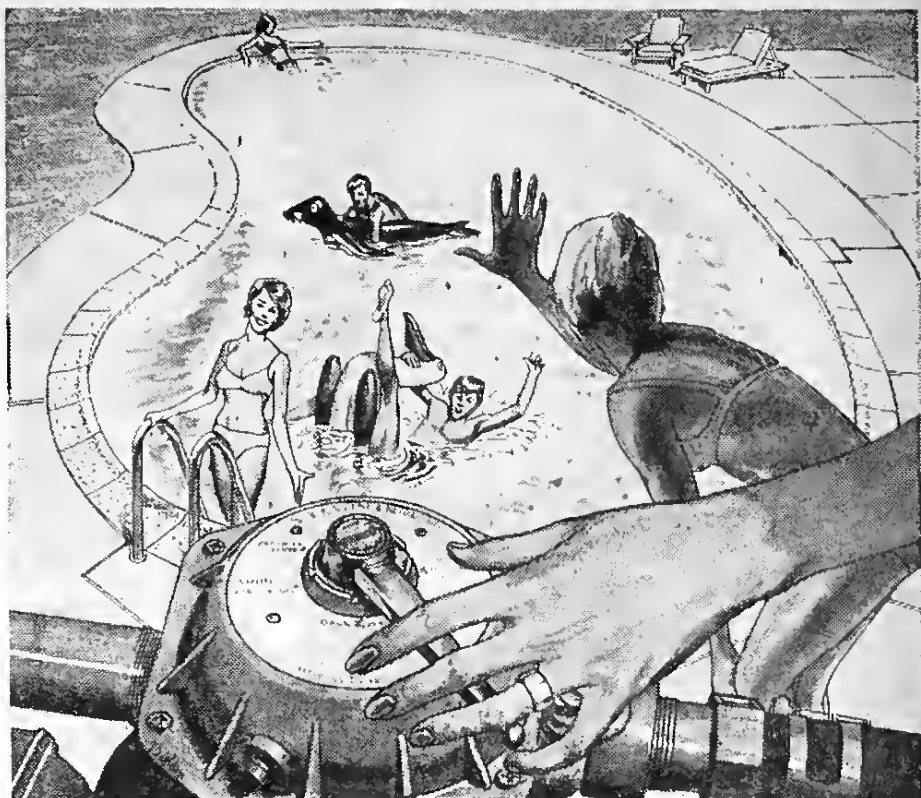

The Elis have scoring balance among their top four or five players, paced by sophomore Mike Baskauskas and senior Mike McLaren. Their season-long problem has been defensive — in games last weekend against Harvard and Dartmouth, they yielded an average of 92 points on their own court.

SMALL STREAK BORN
Tigers Now Have 3 Straight. Adding Cornell and Columbia to Harvard as they reverse their course in the Ivy race, Coach Peter Carril's operatives last week did just what

they were supposed to do: dominate teams weaker than they are so completely that the outcome was clearly determined early in the second half. At Ithaca, they walloped last-place Cornell, 96 to 69, after leading by 43-31 at the intermission. Two nights later against Columbia, they rolled from a 40-30 half-time lead to an 80-57 triumph.

Taylor Joins Nine Others in 1,000-Point Club

Princeton University's 1,000-Point Club got its tenth member Thursday night at Ithaca, N. Y., when Brian Taylor sank a free throw for his 437th point this season.

Having made 563 as a sophomore, he has now joined Bill Bradley as the only Princeton player to go into four figures before the end of his junior year. Taylor won't catch Bradley, but barring injury, he will be well ahead of the other eight members of the elite organization long before he graduates.

With 1,036 points so far this year and six games left on the regular schedule, plus possible participation in the NIT, Taylor should finish the season with a total close to 1,200. Another 600 as a senior would put him well above the current runner-up—Pete Campbell with 1,451.

The first Princetonian ever to top 1,000 was Harold "Bud" Haabestad, who helped

propel the Tigers to the Ivy championship in 1955, after they had lost a playoff to Cornell a year earlier. Haabestad broke the barrier resoundingly with a career total of 1,292.

Low man on the totem pole is John Hummer, now with the Buffalo Braves of the NBA, who was credited with 1,031 points by the time he had completed his career here. Next in line are Jim Brangan, 1,062; Art Hyland, the present freshman coach, 1,064; Carl Belz, 1,088; Chris Thomforde, 1,122; Haabestad, 1,292; Geoff Petrie, last year's co-rookie of the year in the NBA when he broke in with Portland, 1,321; Campbell, 1,451; and, the player whose total could conceivably last out the current century before it is topped, Bradley, with 2,503.

Bradley, now in his fifth year with the New York Knicks, had a game average of 30.1. Until Taylor came along with his current average of 24 points, the figure of 19.9 credited to Campbell was high.

contests, it was the appearance of sixth man Reg Bird that provided Princeton with the essential adrenalin. By now, he is without doubt, the best reserve player in the long history of Princeton basketball, and any estimates of Princeton's prospects next year based solely on the fact that it loses only Al Dufty as a starter would be vastly inaccurate.

At Ithaca, the Tigers were clinging to a slim 21-19 lead when Bird replaced sophomore John Berger and paired with Teddy Manakas in the back court, Taylor moving to forward. The shorter Cornell team was using a full-court press to contain Princeton with highly satisfactory results.

The ball-handling that Bird provides with Taylor and Manakas quickly began to take effect and the Tigers added 18 points to 5 for the losers in the next seven minutes. The 43-31 lead at the half was cut once to a nine-point margin (58-49) but a 17-point second half for Manakas and one of Taylor's best games in his fine career made the contest an eventual runaway. Manakas finished with 21 and Dufty joined them in double figures with 14.

Columbia had held Penn to a 69-59 triumph, and was within 10 points of Princeton at the half, but again it was largely Bird who determined the outcome. With the score 44-34, Bird accounted for eight points in less than 60 seconds. First he drove for an uncontested layup, then he fed Dufty with a pin-point pass and capped that by twice stealing the ball in back court from Columbia's Ron Boyd to go in alone.

Taylor and Manakas followed with baskets and the 44-34 game suddenly turned into a 58-36 rout. When the home team chipped in with frequent turnovers (12 in the second half) and could hit on no more than 7 of 18 at the foul line, there was little left for Carril to do but empty his bench.

The Tigers shot 49 percent from the floor at Columbia and 52 percent at Cornell. Their foul shooting, too, was

highly respectable — 32 for 41 in the rough contest at Ithaca and 12 for 15 in New York.

YALE NEXT FOR SKATERS

Harvard Here Next Week. A Yale team which Princeton hopes it can catch in the Ivy League race will be in Baker Rink Saturday for a game at 2:30. The Tigers barely lost to the Elis at New Haven ten days ago, trailing by no more than 2-1 until a shot found the empty cage in the final seconds.

Harvard's fine sextet, which could take a solid hold on the 1972 championship if it can defeat Cornell at Ithaca this weekend, will play here next Wednesday at 8. The Crimson rolled to a 7-2 triumph when the Orange and Black played at Cambridge in December.

Fourth-place Brown was due here this Wednesday at 8. Despite an 8-1 shellacking at Providence two months ago, Princeton was hopeful of winning its first league game at the Bruins' expense off its ice.

proved play since the mid-season examination break.

For the second time in a row, the Tigers took defending champion Cornell into an extra period before losing. It was a 6-5 final at Ithaca Saturday, the Red averting a costly tie just one minute and 36 seconds before the end of the sudden-death session. Last winter, Cornell needed more than the regulation 60 minutes to carve out a 3-2 triumph here.

Score Tied Four Times. Princeton never led in the long battle Saturday but is due a sizeable helping of credit for its ability to come from behind four times on Cornell ice. The Ithacans saw leads of 1-0, 3-1, 4-3 and 5-4 erased before they eventually triumphed.

The 5-5 tie at the end of three periods was made possible by topflight goal-tending from junior Ed Swift. Cornell's powerful offense was credited with 58 shots on goal, Swift making 11 saves in the overtime period before the final thrust beat him. While Swift was as busy in the extra session as a farmer who stepped on a hornet's nest, his tired teammates could manage but one shot on the Cornell cage.

Walt Snickenberger, whose home is in Ithaca, added to his reputation as the Tiger's major threat by scoring two goals and setting up another. Roger Kyle, switched from defense to wing, made that move pay off with a pair of goals. The fifth went to sophomore Brian McIntosh, back in action after a three-week layoff because of an injury he sustained in the Colgate game.

Starting the week with a 4-13 record, the Tigers have earned considerable respect for their recent play but have little in the victory column to show for it. The current week will determine much of their ability to move out of the cellar, with only Harvard, Cornell, Penn and Dartmouth left after Saturday.

Best Race in Years. Regrettably, of course, Princeton is merely hoping to vacate the cellar while four other teams are partaking in the best Ivy race since Cornell's domination of the league began half a dozen years ago. Not only are the Ithacans, Penn, Harvard and Brown all in the running but there have been an unusual number of overtime games this winter. Cornell went into an extra period in three straight games, losing to Dartmouth, 3-2, before edging Penn, 7-6, and Princeton, 6-5.

When Harvard topped Cornell at Cambridge last month, it appeared to take a hammerlock on the championship after Dartmouth upset the Ithacans at Hanover. But Penn, which lost a 6-3 lead over Cornell at Philadelphia, went to Harvard and beat the Crimson in Watson Rink, 3 to 2.

With only a single defeat against it, Harvard is still in the best position of any of the four leaders, but must top Cornell again to be sure of a chance for outright victory. Oddly enough, Ivy League hockey has no provision for a playoff, although basketball always does and baseball normally manages to stage a tie-breaker.

PHS VS. HAMILTON NEXT Win Streak Halted. Its three-game win streak halted last week by Bridgewater-Raritan West, the Princeton High School basketball team will need all its new-found ability this week.

Friday afternoon at 3:45, the Little Tigers will host Hamilton High School, and on Tuesday evening at 8 they will travel to Ewing to take on the state's top-ranked team in their last road game of the season. After Ewing, only Notre Dame and Hightstown remain.

PHS traveled to Bridgewater (9-9) Friday evening with hopes of making it four in a row. It lost, in the final quart-

er, 72-60. More disturbing to coach Marv Trolman than the loss, however, were the racial incidents that marred the game. "We won't play them again if I can help it," he said later.

The Little Tigers were ahead in the early going, 10-2, when the name calling and slurs began being directed from the stands at the predominantly black PHS squad. "I'm proud of our kids. They kept their temper in what could have developed into a bad situation," commented Trolman.

Trolman added that he intends to talk with the state athletic officials. "I refuse to be a party to that sort of thing," he said. Police were

called at the end of the game to keep order, he said, but nothing happened to set off the tense atmosphere.

On the court meanwhile, PHS saw its early lead evaporate before the first period was over. By the end of three quarters, however, it trailed by one, 51-50.

In the last eight minutes of play, PHS had to foul to try to get the ball and the home team took advantage of the 1-and-1 situations. The Little Tigers were whistled for 31 fouls, the Golden Falcons converting 22. PHS was 10 for 13 from the foul line.

In addition to those 31 fouls, PHS was guilty of a lot of turnovers. "I don't expect the

"We've set a high standard for telephone service in New Jersey. We're working hard to live up to it."

New Jersey people use the telephone more often than those in any other state. Indeed, more than people anywhere in the world. The latest statistics show that each person in New Jersey makes an average of 1,042 calls a year. The national average is 779. And Canada ranks second among nations with 739 conversations per person.

I'm sure there are many reasons for New Jersey's unique position. One reason is that we're the most urbanized state in the nation, a state that fairly vibrates with social, commercial and industrial energy.

I suggest there's another, perhaps more important reason. That reason is that you have come to take the dependability, low cost, and the usefulness of the service for granted.

You have come to expect, even demand, instant communication of whatever is important to you, whether it's the transmission of data from one office to another or a call home to say you missed the bus.

I'm glad you expect instant phone service. And I'm glad you take for granted that you will get it. For this indicates that the 31,000 men and women of New Jersey Bell are doing their jobs. And doing them well.

We've led the way in new services.

I think it's fair to say that the people of this country enjoy the finest communications service anywhere in the world. And you can be rightfully proud that New Jersey Bell has been a leader here at home.

It was in Englewood, for example, that Direct Distance Dialing made its debut. The first commercial electronic switching office opened in Succasunna. In Morristown, the nation's first electronic switchboard system was placed in service, making it possible for customers to dial their own long distance person-to-person, credit card and collect calls.

In New Jersey, too, pushbutton Touch-Tone® service is available to a greater proportion of customers than in any other Bell telephone company. And we are continuing these efforts to constantly improve your service. Public telephones are being converted to "dial tone first" operation, for instance, so you can reach "Operator" and make certain calls without first depositing a coin. And the "911" number is already in use for police and other emergency agencies in Atlantic City and Bayonne.

Being good isn't good enough.

Being a leader is a rewarding experience. But we have no intention of resting our future on past achievements. Our commitment is to provide you with telephone service that is ever more reliable, ever more convenient, ever more enjoyable to use.

That commitment is our reason for being. We accept it without reservation. That commitment demands of us a constant striving for excellence in all that we do. It calls for an organizational spirit that says, "Being good isn't good enough."

Meeting our commitment to you in full is a task that gets tougher with each new year.

The demand for communications has increased in recent times in an almost explosive manner. Yet our business is one in which the equipment and facilities to provide the services you'll need must be started years ahead of time. When the need occurs, the equipment must be ready.

That is essentially the reason we plan to spend a record \$325 million on construction in 1972: so we'll be ready to provide service to new customers and to continue to improve yours. We'll invest that money in new telephones and switchboards and cable and wire. We'll start new buildings and new switching centers and add to existing ones. We'll be working all over the state. And just about every community in New Jersey where we provide service will be involved in some way.

That \$325 million—it works out to about \$1,300,000 every working day—seems like a lot of money to spend. And it is. But the plain fact is, we'll need to invest even more in years to come.

A new New Jersey Bell by 1977.

As we look ahead, we see the need to mount a construction program that in the next five years alone will cost close to \$2 billion if we are to insure continued growth and improvement in telephone service in New Jersey. That amount will just about double our investment in communications facilities throughout the state—the equivalent of building another phone company in half a decade.

To meet our growing service obligations, it's clear our rates will have to be set at levels that will provide the earnings needed to justify the investment of these massive amounts of new capital. Good service, good earnings—they're closely related. In the long run you can't have one without the other, and that's the reason we will continue our efforts to reprice our services at rates that are realistic in view of today's costs of doing business.

We have set a high standard for telephone service in New Jersey. We will do nothing less than our best to live up to it.

kids to be expert at this point after playing one way so long," said Trotman. "They're just getting used to each other's passing."

Tony Bailey played his usual fine game. He led the Little Tigers in scoring, as he has in almost every game, with 21 points. Leon Robinson and Larry Miller added 10 each in a losing cause. Bridgewater's Guy Fanelli led all scorers with 27.

TOURNAMENT AHEAD

For Princeton Day Quintet. Facing one of the strongest fields ever assembled, the Princeton Day basketball team will enter the class B division of the New Jersey Independent Schools tournament.

The first round will be held, Wednesday, February 23, with the Panthers' opponent as yet unknown, as is the site of the game. Coach Alan Taback speculated that the Panthers might meet Croydon Hall at Lawrenceville in the first round, but this was not definite. The final seedings have not been worked out.

Rutgers Prep, which the Blue and White was scheduled to play this Wednesday, has been seeded first. A game against Montclair also set for the 23rd has been cancelled, so the Panthers will have a week to prepare for the opening round. Second round games will be played Saturday, February 26, and the final round March 1. The Panthers will probably be seeded somewhere in the middle.

As a warm-up for the tougher games to come, PDS blew Doane Academy off the court last Friday, winning 84-37. Four players were in double figures for the Panthers with Evan Bash high with 17. Ron Webster contributed 15. Steve Bash 14 and Mark Ellsworth 13. The one-sided affair gave Taback an opportunity to clear the bench.

HUN FIVE HITS 104

To Set New School Mark. The Hun School basketball team has little to point to this season, having won only four of 15 starts, but last week the Red and Black reached the mountain top offensively when it defeated Perkiomen, 104-41. It was a new school scoring record.

The previous mark of 101 was set against Pennington School four years ago. No doubt coach Dave Leete and his Hun operatives are hoping lightning will strike twice, as Pennington is the team that stands between Hun and a possible tie this season in its division in the Penn-Jersey League.

Hun continues to win league games such as the one with Perkiomen and lose non-league games. Friday, in its final non-league game of the season, Hun was defeated, 75-51, by Peddie.

Friday, Hun will travel to Bryn Athyn, Pa., for a contest with Academy of New Church—a game it should win. The following Friday comes the showdown with Pennington. If Hun can defeat Pennington and win its remaining two league games, it will tie the Red Raiders for the divisional championship. A loss, and it's all over for Hun.

Hun was scheduled to play Solebury this Wednesday afternoon in New Hope, Pa.

At Hightstown Friday, Peddie's Karl Kling poured in 26 points to lead the Old Blue and Gold. Jim Cassidy and Sten Borgstrom combined for 24 more as Peddie (8-6) outscored Hun in every period.

Against Perkiomen, Hun shot the eyes out of the basket in the first half, hitting for 34 in the first eight minutes of play. At intermission, it owned a 62-23 lead.

"We played very good basketball and they played very bad basketball. It was a combination of the two that did it," explained Leete, commenting on Hun's record output.

Five Hun players hit double figures. Biff Hollowell led all scorers with 21. Tony Trani

THE BASH BROTHERS: Evan Bash (left) had 17 points and his brother Steve, 14, in the Princeton Day basketball team's victory over Doane Academy Friday. A third brother, Greg, also broke into the scoring column with six points.

had 20, John Hillman and Pete Jones, co-captains, had 14 and 13, and Skip Johnson had 11. Leete cited Trani for a "fine game." Trani, a 5-6 freshman, hit on 10 of 15 from the floor, 17 of his 20 points coming in the first half. In all, 13 players had a hand in the record total.

TRIP NORTH A SUCCESS
For PDS Hockey Team. A pair of shutout victories over South Kent and Salisbury made the annual New England trip a success for the Princeton Day hockey team last weekend, and also brought its record up to the .500 mark for the first time in a month. The Panthers are now 6-6-2.

In two contests this week, the Blue and White will have a good chance to go two games over .500 to keep the goal of a winning season in sight. Losing hockey seasons are a rare thing at PDS.

Cranford Hockey Club was scheduled to play PDS this Wednesday, at PDS the second time the teams have met. The visitors were happy to escape with a tie in the first meeting, when they scored with a second left in the game.

Friday at 3 p.m. Princeton High School, which also uses PDS as its home rink, will be the opponent in another return match. The Panthers won in a walk over the out-manned Little Tigers, 11-0, in January. In this meeting, PDS will not use any of its seniors.

Against South Kent on Saturday, the Panthers dominated the action throughout the game, but had only a one-goal lead through two periods. Buzz Woodworth's tally stood up until the third period when the Panthers added three insurance markers by Art Mittenacht, Peter Lawson-Johnston and a second by Woodworth. It was a 4-0 final.

PDS outshot South Kent 34-

TWO OF A KIND? Doug Blake, who played in Princeton's backfield for three years with Hank Bjorklund, reportedly will get a chance to try out for the New York Jets this summer as a free agent. Bjorklund was drafted by the Jets earlier this month, but will delay signing until after the college baseball season.

21, but missed on several good opportunities to score.

On Sunday, the action was somewhat more even, but Princeton Day again had the upper hand, winning 2-0 against Salisbury. In turning in his second consecutive shutout, goalie John Boyd played an excellent game, making up for any lapses on the part of the PDS defensemen.

Woodworth, again, got the Panthers headed in the right direction with a first period goal on a pass from John Mittenacht, and Paul Funk closed out the scoring in the second period on a pass from Woodworth.

Last Wednesday, PDS found matters reversed, as it could not keep up with a strong Lawrenceville team for the second time this season. The Larries jumped off to a 3-0 lead, before the Panthers could score, and won 6-2.

Art Mittenacht and Funk scored for the Blue and White. Twenty-three penalties, 12 to PDS, were handed out by the referees. The win makes Lawrenceville the odds-on favorite to win the PDS tournament set for the last weekend in February.

An item of good news for the Panthers is the return of junior defenseman Peter Moore, who has been out 1½ seasons with elbow problems.

LAST MATCH WEDNESDAY
For Reeling PHS Matmen. Princeton High School coach Tom Murray described it succinctly.

"A sad, sad week," he observed, after he watched his team crushed, 40-6, Saturday by Delaware Valley, and 50-5 earlier by Rancocas Valley. The twin setbacks dropped the Little Tigers to a 4-5-1 record, and it seems inevitable now that they will finish the season in the red.

PHS will end its schedule next Wednesday evening at 8 in the PHS gym against Notre Dame, which is enjoying one of its better seasons. A PHS victory is still a distinct possibility, however.

The stumbling block was expected this Wednesday evening in Flemington when the Little Tigers were scheduled to oppose Hunterdon Central. Central is ranked number two in the state, and a PHS win is so remote as to be invisible.

"Murderers' row," said Murray grimly.

Win First and Last. "I thought we had a chance against Delaware Valley but we won the first and the last bout and that was all," reported a slightly shocked Murray.

Andy Foltiny won handily, 8-0, in the 98-pound class but the Little Tigers had to wait until the final heavyweight match before Mark Holcombe scored the next PHS points. Mark won an 8-4 decision.

In between, two exceptionally fine sophomore wrestlers suffered ill fortune. Bobby Zinsmeister was leading 4-0 in the 148-pound class and "wrestling beautifully," said Murray, when he got caught in a pin.

Angelo Arcaro, 167 pounder, wrestled one of his better matches of the year, according to Murray, but lost by one point on nine seconds riding time. "That makes two in a row where Arcaro has had outstanding matches and lost both," Murray commented.

Against Rancocas, Murray had no illusions. The visitors swept every match except the 148-pound class, where Zinsmeister won a decision and the heavyweight bout, in which Holcombe battled his opponent to a draw.

Holcombe had to settle for a tie when, said Murray, a controversial penalty point for stalling was called against him by the referee with seven seconds to go.

The match also marked the first defeat for Foltiny. Foltiny had his opponent "flatter than a pancake," said Murray but Foltiny never did hear the thump of the referee's hand on the mat. He lost an 11-8 decision.

PHS SEXTET WINS TWO
Hat Trick for Sanford, Richards. Last week was the finest of the season for the Princeton High School hockey team.

Led by the hat trick performances of Steve Sanford and Mark Richards, PHS defeated Brick Township, 9-3, Saturday for its most lopsided win of the campaign. Earlier, it stopped the Lawrenceville jayvees, 5-1. The pair of wins evened its record at 4-4.

Panthers vs. Little Tigers.

Friday afternoon, the Little Tigers will play the Princeton Day School Panthers at 3 at the PDS rink for this second meeting of the season between the two rivals, PDS will not skate any seniors.

Last month, PDS, where hockey is solidly entrenched and one of its most successful sports, trounced PHS, 11-1. At PHS, it is a constant struggle just to keep the sport alive.

to pick a team up," said Little Tiger coach Eugene Doherty after the Brick Township triumph.

Scoring single goals, in addition to the three each by Sanford and Richards, were Chris Luth, Jody Delano and Alex Lamar. "It was one of those really good games," said Doherty.

Sanford, Lamar, Delano, John Webber and Alex Kinnan each scored single goals in the win over Lawrenceville. In the games, Doherty cited the defensive play of freshmen Win Dix and Luth, as well as Nick Robinson and Dave Ludlum. The later two are seniors.

STEINERT IS UPSET

By PHS Five, 75-61. In China, it's the Year of the Mouse; in Princeton, where the PHS basketball team has played mouse to the opposition for five years, it has become the year of the Little Tiger.

Princeton High did it all Tuesday night, out-rebounding (32-27) and outshooting Steinert to win, 75-61 — its fourth victory in its last five games. What's more, the upset was engineered before the shocked, hometown Steinert fans. The triumph was the first for PHS over a Mercer County league team in just over two years.

Whether from the floor or from the foul line, just about everything the Little Tigers threw up went in. They were 26 of 51 from the floor and 23 of 30 from the foul line. The Spartans, meanwhile, who saw their record drop to 10-10, could hit on only 18 of 47 from the floor.

It was perhaps the finest team effort yet for the surging Blue and White as five players reached double figures. Center Leon Robinson led the way with 17 points and 14 rebounds. Bobby King added 14 and Larry Miller and Tony Bailey 12 each — Bailey getting 10 of his from the free throw line.

PHS outscored Steinert in every period. How sweet it is for coach Marv Trotman who has conned his players into believing they can be winners. Next to him, Clifford Irving is straight arrow.

HUN QUINTET WINS BIG

Crushes Solebury, 80-38. Enjoying one of its easiest workouts of the season, Hun School crushed Solebury Tuesday, 80-38, to raise its record to 6-11.

All 12 Hun players scored, led by Kevin Tylus who hit for 20. Biff Hollowell and John Hillman had 11 each.

PERKS, IVY INN WIN

In Basketball League. In the only two games played last week in the Princeton Recreation Adult Softball League, Perks remained undefeated by topping Harrison Athletic Club, 66-35, while Ivy Inn won its first, a 37-33 decision over Chris and Joes.

Dominating both boards, Perks was led by Rob and Bill Staats who scored 17 and 20 points. Perks opened up a 17-point lead in the second quarter and with Ed Riddick, the losers' scoring threat, bottled up by the tight Perks defense, HAC never threatened.

Had Ivy Inn been more accurate from the foul line, its first victory would have been ever wider than four points.

as the Barmen were able to convert just 13 of 34 fouls whistled against Chris and Joes.

Mark Buroff led the losers with 14 points; Ivy spread its attack out, seven of its eight players scoring.

AWARDS BANQUET SET

For Midget Baseball. The 22nd annual YMCA Midget Baseball Awards Banquet will be held at the Y Monday at 6:30.

Awards will be presented to the 1971 World Series winners, the First National Bank Indians, and to the first place Princeton Motor Lodge Pirates. A major league ball player will give the main address and assist in presenting the awards.

Plans for the 1972 season will be discussed by Thomas Gopsill, YMCA Baseball Commissioner. The evening will conclude with a showing of the 1971 World Series film. Those wishing to attend the program should contact the YMCA office; the deadline for reservations is at 5 on Friday.

EVENING WORKSHOPS SET

For Tennis Teachers. University and high school students can receive a thorough training in group tennis instruction techniques from a series of Wednesday evening training sessions that will be held in Jadwin Gym.

The workshops will run from 7:30 to 9:30 on Feb. 23 and March 1, 8, and 15. Registration should be made in advance by calling Mrs. Alton Bassett at 921-8385.

Although the four sessions are designed primarily for applicants for part-time jobs in tennis classes, students who plan to take a club or camp job this summer are also welcome.

HERE'S HOW: Board Members of the Y.M.C.A. Executive Health Club are completing plans for the opening of the new Y facility. Fred Peterson demonstrates a new Exercycle to Chairman Raymond Bowers and Walter Foster and Sam Chase.

HEALTH CLUB TO OPEN

At YMCA. Ramond Bowers of Russell Road has been appointed chairman of the YMCA Executive Health Club Board of Governors. Serving with him are Fred Peterson, J. B. Harrison, Samuel Chase and Walter Foster. The Club is to open shortly as part of the new YMCA athletic center.

The Board is now developing schedules, bylaws and health and athletic services, and has named John Triano of South Plainfield as director. Mr. Triano, who will provide massage and health services in the club was masseur at the Montclair YMCA.

The club will contain complete health services, including hot vapor room, sauna, whirlpool, ultraviolet lamp and massage. In addition, it offers modern exercise equipment, lounge, sleep room, laundry and locker services.

Obituaries
Mrs. Alice Janette B. Breese, 58, of 195 Russell Road, died February 13th in Princeton Hospital of multiple myeloma. The wife of sociologist Gerald W. Breese of Princeton University, she was known throughout the state for her work and her writings in speech therapy. Mrs. Breese was a speech therapist with the Princeton Regional Schools and served in addition as speech therapist for the New Jersey State Cerebral Palsy Clinic and the New Jersey Head Start program, both in Trenton. She was noted for developing innovative techniques in her work with youth suffering from cerebral palsy and dyslexia, and for her diagnostic skills. She was the author or co-author of three books and numerous articles concerning corrective speech.

A friend of many Princeton Regional Schools students, a founder of the Princeton Youth Center, and a board member of World Education, an organization devoted to literacy training, Mrs. Breese was treasurer of the New Jersey International Speech and Hearing Association until shortly before her death. She was active in Princeton civic affairs, a member of the League of Women Voters, Planned Parenthood and social action groups.

Born in Corning, N.Y., Mrs. Breese received her undergraduate and Master of Arts degrees from Ohio Wesleyan University. She undertook additional studies at the University of Buffalo, Trenton State College, Douglas College and Northwestern.

Early in her career as a speech pathologist, she set aside working with adults to work with children in the interest of enabling youth with speech problems to cope successfully with the social and psychological difficulties. She also devoted much of her time to conferring with and training for students entering her profession.

Before coming to Princeton in 1949, she taught English and practiced speech therapy in the public schools of Delaware, Ohio and at Addison, N. Y., and served on the faculties of Pacific University in Oregon, the Career Institute of Chicago and Hillier Junior College, Hartford, Conn. During the summer of 1970, she advised speech pathologists in Japan, Korea, Taiwan and throughout Southeast Asia.

In addition to her husband, she is survived by three daughters, Mrs. Robert Richards Jr. of Chantilly, Va., and the Misses Dina Sue and Brinda

Sue, both students at Ohio Wesleyan University; a son Jay, a student at Northeastern Law School; one grandson and her mother, Mrs. James Bailey of Meadow Lakes, Hightstown.

A memorial service was scheduled for 4 p.m. this Wednesday in Princeton University Chapel. Memorial gifts may be made to the Princeton Hospital Scholarship Fund for Nurse Training, to Ohio Wesleyan University Scholarship Fund, or to a preferred charity. WHAT'S SO UNUSUAL ABOUT PRINCETON WOMEN?

Well, just look at our own Mercer County. Did you know:

1. That there are 76 elected municipal officials, and only one is a woman?
2. That there are 2 Senators and 4 Assemblymen in the state legislature, and not one is a woman?
3. That there are 7 Freeholders who run this county, and not one is a woman?

Isn't that a bit unequal — when 53% of us have less than 1% of a responsible voice on issues that affect us all, female and male?

Women are already making a big difference in the politics of '72. Whatever your party or opinions, we welcome you warmly to the new **WOMEN'S POLITICAL CAUCUS OF PRINCETON**. Your ideas and energies count with us!

We're something new in local politics. Multi-partisan, we're out to promote and encourage the appointment and the election of women to party and government office at every level. We're concerned not only with issues directly affecting women, but with tackling the problems of racism, sexism, violence and poverty in our society. Of course, we will support men who have the same concerns.

Ambitious goals? Maybe. But do you care about your town? Your county? Come to our next meeting, Saturday Feb. 26th, at 9:45 a.m., at 14½ Witherspoon Street, (third floor).

I am interested in the Women's Political Caucus of Princeton. Please put me on your mailing list.

News Of The CHURCHES

CONCERN FOR ELDERLY

By Presbyterian Deacons. The Board of Deacons of First Presbyterian Church is working towards a program of volunteer assistance at the Princeton Nursing Home.

The home's most pressing need, the deacons reported after visiting the institution, is help in recreational therapy during the afternoon and evening. This involves songs and games, arts and crafts, reading aloud and parties.

The visitation committee of the Board of Deacons is also seeking to establish a group who will visit the approximately 30 patients who have no one in the community to call upon them. The goal is regular visits, on a one-to-one basis.

Other needs the deacons discovered at the home are: escorting patients to meals and helping them eat, ambulating those who need help in walking, a mobile library, a flower service, a shop for gifts, trips into the community, and desk or clerical work.

Mrs. Robert L. McClintick will head a task force to assist the home. Co-ordinators of volunteer services at the home are Mrs. Constantina Crusade and Mrs. Sheila Garman.

Dr. Arlo Duba of Princeton Theological Seminary. The service is from 12:10 to 12:25, followed by a half-hour for luncheon at 12:30. On Tuesday, February 29, Dean Ernest Gordon of University Chapel and Cannon Whittemore will conduct the service.

Sports In Princeton

—Continued From Page 36— who poured in 33 points to lead his team to a 49-26 triumph over slumping Cottage Club.

Nini, the 5-9½-inch center, who carries a 29.6 average, also played a fine defensive game, limiting Cottage's chief scoring threat Hugo Walter to 15 points. With his aggressive rebounding, Nini consistently outthrustled the entire Cottage team.

Senior Division: The race for the two playoff berths in the senior division tightened as Cap and Gown was defeated by Cottage Club and Terrace Club upended Charter.

Bob McHugh and Ken Bullcock scored 12 points each to pace a balanced Cap and Gown attack that ended in a 36-35 victory. Kevin Turner tallied 14 for the losers and also pulled down numerous rebounds.

Terrace Club broke open a see-saw game when it ran off 10 in a row against Charter Club in the third period. Shawn Craig (27 points) and Howard Brooks (14) led Terrace while Felix Brown, Keith Loughlin and Junior Oldham combined for 47 Charter points. Loughlin and Brown each had 15.

One glimpse of this unusual Township contemporary tells you how completely it has become an integral part of its lovely, woodland setting. It does NOT prepare you for the dramatic interior, which takes such advantage of the surroundings that it's almost a case of indoors-out and outdoors-in! The first hint of this blending of nature and architecture comes from the flagstone-floored entry with its enchanting interior rock garden! This opens on the strikingly stunning living room, with its interesting fireplace, from which flows (we do mean FLOWS — what a house for entertaining!) the handsome, totally equipped kitchen and dining sections. All are enhanced by an imaginative use of glass, greenery and gravel, white walls and dark woods, attractive tile and creative built-ins. Beyond is a three bedroom (or two and study), two bath wing, which offers peace, privacy and a particularly delightful glass-walled master bedroom. Comfortably apart is a young-play-work wing, including bedroom, bath-laundry and rec-room that can double for sleeping space. The adaptable floor plan of this exciting, air-conditioned house offers flexibility to fit a variety of family sizes and living styles.

are gone from this rambling white house, and the merry cry of children's voices now comes from the family's own — and their friends. But the workable layout that made this house perfect as a home as well as nursery school, and its mellow charm give our newest listing that something special for the particular buyer.

Downstairs the house is especially large — with paneled living room, library, dining-hall, huge family room-kitchen, new master bedroom and bath. A bar and second bath. Upstairs there are four children's rooms, pine paneled for easy upkeep, and another bath.

Offered on over one and a half acres, with mature trees, landscaping and a pool at a realistic \$89,500
